ONE HUNDRED SEVENTEENTH COUNCIL

LOUIS MASON, Jr. -----President

LOUIS C. DINARDO-----City Clerk

MICHAEL A. PERRY-----Ass't City Clerk

Pittsburgh, Pa.,

Monday, January 3, 1972

On Monday, January 5, 1972, at 10:00 o'clock, A.M., the members-elect of the Council of the City of Pittsburgh, together with those holding over, convened in the Council Chamber of said City in accordance with the provisions of the Act of Assembly of the Commonwealth of Pennsylvania, approved May 31, 1911.

The Council was called to order by Louis C. DiNardo, City Clerk, who acted as Chairman, Pro tem of the meeting.

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

The Chair:

This being the day and hour fixed by the Act of Assembly for the organization of the Council of the City of

Pittsburgh, the One Hundred Seventeenth Council will be in order.

We are honored this morning by the presence of the Reverend Canon Junius F. Carter of the Holy Cross Episcopal Church, who will offer the Prayer of Invocation.

Reverend Carter:

"O God, who are Lord of time and dost stand at the gate of the New Year, we ask thy blessings upon those to be installed as Councilmen of the City of Pittsburgh.

Grant that they may come to undertake the work of local government as a vocation and ministry; that they may bring to their work brains that think and hearts that feel; that they may have ideals, imagination, wisdom and courage; that they may never be enslaved by routine and convention and popular opinion; but ever be upheld by thy free spirit.

O God, who has called our City to a place of trust and responsibility, we humbly thank Thee for all the ways in which thou has blessed and guided us unto this day. Stir up the wills of all our people to support these men in the relief of want and suffering, and let us not rest until we have provided for the needs of all citizens of this City.

Grant that their ideals and aspirations may be in accordance with thy will, and help them to see themselves as they see others. Keep them from hypocrisy in feeling or action; grant them sound government and just laws; good education and a clear press; simplicity and justice in their relations with one another and, above all, a spirit of service which will abolish pride of place

and inequality of opportunity in thy name, we ask the God who rules this nation.
AMEN."

The Chair:

Thank you, Reverend Carter.

The Chair presented

The Chair:

The Honorable Frederic G. Weir of the Court of Common Pleas of the Commonwealth of Pennsylvania will administer the Oath of Office to the members elect. Will they approach the podium and raise their right hands.

Judge Weir:

Ladies and Gentlemen;

Before I administer the Oath of Office this morning, I would like to say how very pleased I was when Lou Mason called and asked me to do this.

We have been leading a rather cloistered life in the Common Pleas Court and I recognize this opportunity as one in which to get out where the action is. According to the news media, what's going on between City Council and the Mayor certainly is exciting. I feel, in some respects, in administering the Oath of Office, like a kid that keeps going to school.

But, I do recognize that you do have your problems. Someone said that Ralph Lynch was told not to go to that meeting on Friday. I don't believe that his intention was to go to work in his nice dinner jacket. I know that Amy Ballinger was there in her nice evening gown with the other Members of Council who had come to have this meeting.

In your problem with Pete, I knew he was popular but with the mess up in Common Pleas Court the other day, our Judge Ellenbogen couldn't even remember his name. He did know that he was a young, good-looking attorney who had practiced law up there. So, maybe things aren't as bad as they seem.

With that, I can now administer the Oath to you.

The following members-elect:

Amy Ballinger, Richard S. Caliguiri, Eugene P. DePasquale, Walter T. Kamyk and Louis Mason, Jr., took and subscribed to the oath of office.

The Chair:

The members will sign the oath.

And the members signed their respective oath of office.

The Chair:

The Clerk will call the roll.

And the roll having been called, there were present:

Miss Ballinger	Mr. Kamyk
Mr. Caliguiri	Mr. Lynch
Mr. DePasquale	Mr. Mason
Mr. Fagan	Mr. Michaels
	Mr. Shields

The Chair:

The first order of business is the nomination and election of a Member of Council to serve as President for the ensuing term.

The Chair recognizes Mr. Fagan.

Mr. Fagan:

Mr. Chairman, I rise at this time to place for nomination the name of a man who for many years served on the Commission of Human Relations, who is an outstanding community public servant and a hard working member of this body. It gives me a great deal of pleasure to place in nomination the name of Mr. Louis Mason, Jr., for President of City Council.

Mr. Kamyk:

Mr. Chairman, I rise to second the nomination of Mr. Louis Mason. I have known Mr. Mason for a number of years; as Executive Director of the Commission on Human Relations and then as a Councilman and President of City Council.

He is a hard working man and goes after things in a very, very, serious way and I am very happy to second the nomination of Mr. Louis Mason, Jr.

The Chair:

Are there any other nominations?

Mr. Shields:

Mr. Chairman, I move that the nominations be closed.

Which motion prevailed.

The Chair:

Roll call on the nomination.

Miss Ballinger	Mr. Kamyk
Mr. Caliguiri	Mr. Lynch
Mr. DePasquale	Mr. Michaels
Mr. Fagan	Mr. Shields

Ayes 8. Noes none.

(Mr. Mason not voting.)

The Chair:

Will Mr. Mason approach the bench to be sworn in.

Judge Weir:

Ladies and gentlemen, Louis Mason, Jr. has been an acquaintance of mine for many years. I first knew Lou in the Civic Unity Council, and then as Executive Director of the Commission on Human Relations. I have known Lou to always be fair and upright in his dealings in human service.

I am pleased at this time to administer the oath of office of the President of the City Council of Pittsburgh, to him.

And Mr. Mason signed the oath of office.

The Chair:

Ladies and gentlemen, members of Council, may I present the President of Council, Louis Mason, Jr.

Mr. Mason:

Thank you, Judge Weir.

As all of you know, I have served as President of City Council from December to December, finishing out the term of the dearly beloved former President of City Council, John Francis Counahan, who served for approximately three years.

I don't know, ladies and gentlemen, where in the world you could find eight (8) more dedicated people such as I have had the privilege of working with. None, not one, has ever refused to undertake any assignment that I would ask them to undertake, either as a Councilman or as the President of City Council.

They know that I am a kind of nervous fellow and I don't think that there has been one City Councilman, with whom I have worked this past year, who has not gone out of his way to be available to me at all times and who has always showed respect for me.

You bring people together out of nine (9) different dispositions and try to arrive at what is best for the City and its people and sometimes, quite expressly, you have got "hell" on your hands. But this means of communication is truly important because if we can't win cases within the confines of City Council, how then, can we go to the people out there in the community. We find this very healthy and whatever information is gained will be of benefit to the total community. Each of us is commended to this and each of us shall do our best.

And now, I would like to introduce to you the Members of Council. Miss Amy Ballinger, Chairman of our Committee on Services and Surveys; Mr. Richard Caliguiri, Chairman of our Committee on Parks and Recreation; Mr. Eugene DePasquale, our now Chairman of Public Works; Mr. Thomas Fagan, Chairman of the Committee on Public Safety; Mr. Walter Kamyk, Chairman of the Committee on Lands and Buildings; Mr. John Lynch, Chairman of the Water Committee; Mr. Edgar Michaels, Chairman of the Finance Committee, Mr. George Shields, Chairman of Planning and Redevelopment.

Mr. Mason:

I wish at this time to announce that there will be a legislative meeting of Council on Wednesday, January 5, 1972, at 10:00 o'clock, A.M.

Now, our newly elected officials will introduce members of their families and friends.

Our first newly elected Councilwoman, Miss Amy Ballinger.

Miss Ballinger:

Judge Weir, Mayor Flaherty, Members of City Council, members of my family and friends:

"They say Citizenship is the way to Heaven, but I must say that my first year in City Council has almost been like the way to hell. However, it has been a challenge, a great experience in City Government for which I am most grateful.

It reminded me of the couple who had married each of a different political party, and when she was asked how she was getting along in view of this difference, she replied "it didn't bother her, as she was busy launching a third party." While I am not about to launch a third party, (too late in life) but I believe we are relying on more women to get behind the wheels of government and put the brakes on. Women will act because they are emotionally involved. I don't say women are more intelligent, more rational, or any of that nonsense, but women are 53% of the electorate and must use their united political powers to achieve the goals that matter to all of us, such as housing, unemployment, pollution and just plain better government. When I look at the record of the male species (and I say this humbly), I don't see how women could do much worse.

Nevertheless, the goal for myself, and I feel quite sure for all members of City Council, is to bring harmony to the City and to strengthen the ties between all the governing bodies, the Department Heads, and the Mayor to make this the greatest City ever. I believe the budget address of last Friday, December 31,

1971, clearly indicates how Council feels and what it can and will do with the cooperation of all concerned.

There are lots of things in 1971 we all wish we could change, but this is a New Year and we hope to make it a better one. I shall meet the challenge and the faith that the electorate has put in me.

May I thank all who voted for me on the Democratic Ticket and also those who voted for me on the Republican Ticket. May I wish you and yours a very happy and prosperous New Year.

Thank you."

Introduction of her family.

The Chair:

Thank you, Miss Ballinger.

Mr. Richard Caliguiri!

Before Mr. Caliguiri speaks, I would like to acknowledge the presence of His Honor, the Mayor of the City of Pittsburgh, Mayor Peter Flaherty and Commissioner Foerster.

Mr. Caliguiri:

Reverend Carter, Father Bosco, Mayor Flaherty, Judge Weir and Friends:

It has been an interesting year for me but I might add that I don't have the same problem as Amy Ballinger has.

I know when I first got on Council last year, I remember going to all of the rooms and they were locked and I asked the City Clerk why all the doors were locked. I wanted to know what I was to do and what goes on. He gathered some books and papers and walked with me down the hall and we came to one door and he said, "Remember, anything that goes on in this room, you leave it here. O.K." I said "alright" and he proceeded to unlock the door and it was the Men's Room. So, believe it or not, there are a lot of decisions made in the Men's Room.

But I certainly have enjoyed this year, moving about and meeting many, many new people and it humbles me to the point that there is really never enough that any one person can do for people

in the Cities of these United States. The cities are so important to the states as is all of the states that make up our government and not only does the elected officials have to hold the cities together, but we are the ones that the people out there look to and this, of course, is very important to the City of Pittsburgh.

We elected officials cannot do this alone. We cannot stand alone. Whatever is accomplished must be accomplished together. I have accepted this responsibility today and I certainly want to share it with all of you because I, not for one minute, want to stand alone and try to do this job. It has to be done together and purely for the people of the City of Pittsburgh, your City, and in that vein you, the people, are what is important. You have got to tell us what is needed in the communities, what you want to do and what you want us to do.

In these next four years that you have given me, I want to come out into the communities and visit with you if I can. I hope too, that you will be a part of the community meetings that will be taking place in your neighborhoods. Get moving in your neighborhoods, get involved in your community and let's work together.

Thank you.

Introduction of his family.

The Chair:

I would like to acknowledge the presence of Chancellor Posvor from the University of Pittsburgh who is here with us. Also, Senator Mazzei and his wife

Now, Mr. Eugene DePasquale.

Mr. DePasquale:

Thank you, Mr. Mason.

Father Bosco, Reverend Carter, Mayor Flaherty, Honorable Judge Weir and Friends:

I am going to do this a little bit different. I am going to introduce my family first and get that out of the way because that will take quite a while.

Introduction of his family.

I was called one morning by one of the Radio Stations that wanted to know whether or not I was pro-Flaherty or anti-Flaherty and of course you know what I did.

But seriously, I just want to say that I am happy to serve the City of Pittsburgh and I hope to serve it well and I will do all within my power to do so.

I want to thank my many friends who supported me, my Campaign Manager and all who worked for me.

Thank you.

The Chair:

I see standing by the door Senator Thomas Lamb. Also Mr. Eric Springer and his wife and Mr. John McGrady, Controller for the City of Pittsburgh.

Now, Mr. Walter Kamyk.

Mr. Kamyk:

Mr. President, Most Reverend Bosco, the Very Reverend Canon Carter, Clergy, Judge Weir and all elected officials:

You know, I am going to start this way. I become very irritated, and I irritate easily, when I hear people refer to me as a part-time Councilman because God knows it is not so. I am not only a full-time Councilman but I will tell you a little story that happened to me one morning after working very hard on the budget.

One night I went to bed because I was so tired and I thought I would get a good night's rest but instead I turned and tossed and didn't sleep very well. The next morning I said to my dear wife, "I dreamed about the budget all night and this morning I feel very tired."

So ladies and gentlemen, this is not a part-time job if you really want to do your best. You have to put a lot of time into it and you have to do a lot of work and I do both.

I want to thank all for supporting me in the last election, for the help you have extended to me in becoming a Councilman for the City of Pittsburgh for another four (4) years. I live in the City of Pittsburgh and I want to do all that I can for the good of the City.

I would like also to bring back to Pittsburgh the renaissance further, not only in the neighborhoods but to the people and I would like to promote love among all of us, regardless of his or her ethnic background and we must realize this.

So ladies and gentlemen, I ask all of you to pray for me and the rest of us, including the Mayor so that we can do a good job for the City of Pittsburgh.

Thank you.

Introduction of his family.

The Chair:

Father Bosko will now give the closing prayer.

Father Bosco.

Father Bosco:

"Almighty God, Father of us all, we are all your servants. Many of us in positions of public office and trust seek to serve you by serving others. Grant that we may do so without too much stumbling over one another or ourselves.

Let our genuine differences be voiced with honesty and integrity and resolved with an unselfish concern for those whom we serve.

Our differences should not separate us for when we remove the labels with which we have been clothed ourselves— Democrat — Republican — old — young — Black — White — Catholic — Protestant — Jew—pro-skybus—or anti-skybus we find that we are all your children, brothers and sisters of one human family. Help us and these newly elected officials upon whom we ask your blessing to remember that simple fact. You are our Common Father—we are all your children—we are one."

And on motion of Mr. Lynch,
Council Adjourned.

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation, under God, indivisible, with Liberty and justice for all.

MOTIONS AND RESOLUTIONS

The Chair presented

No. 3137.

CITY OF PITTSBURGH

Pete Flaherty, Mayor

December 31, 1971

President and Members of Council
510 City-County Building
Pittsburgh, Pennsylvania 15219

Subject: Bill No. 3074, dated
December 30, 1971
1972 Appropriation
Ordinance

Gentlemen and Madam:

I am returning to you the attached Bill No. 3074 dated December 30, 1971 entitled:

"AN ORDINANCE—Making appropriations to pay the expenses of conducting the public business of the City of Pittsburgh and for meeting the debt charges thereof for the fiscal year, beginning January 1, 1972."

I have signed and approved the Ordinance except for the following items which I disapprove and veto:

Page Six—Office of Civil Defense

Code
Account

1038 Salaries, Regular Employees,
Miscellaneous Services,
Supplies, and Equipment...\$17,500

This office has been eliminated because the functions performed by it are more properly performed on other levels of government and it is an unnecessary burden on the taxpayers of this City.

42-2	Contingent Fund—
	Public Works ----- 500,000
42-3	Contingent Fund—
	Parks & Recreation-- 200,000

I disapprove of these three contingent funds because they result from under-appropriating Salary accounts in these departments.

84	Educational TV Station WQED ----- 12,000
87	Three Rivers Arts Festival ----- 8,500
97	Federation of War Veterans Society ----- 2,500

I disapprove of these grants on the grounds that while these may be worthy enterprises for voluntary contributions, private grants and foundation grants, I cannot use public tax funds to support such institutions to the detriment of our overburdened City taxpayers.

I have approved of all tax ordinances submitted by City Council.

This includes a real estate tax of 53 mills on land and 26½ mills on buildings.

No other tax rates were changed in the Council budget for 1972. Effective January 1, 1972 all other taxes will continue in full force and effect at the 1971 rates.

In the budget statement of Council presented to the public on December 30 the people were promised a 25% tax refund on the earned income taxes paid during 1971.

As Council knows there is no legal or practical way of making such tax refunds.

To the extent that the City of Pittsburgh would reduce earned income tax

below the present one per cent the outside municipalities would largely be the real beneficiaries from those City residents working outside the City. Therefore, a large number of Pittsburgh taxpayers would not have benefitted from a reduction of the earned income tax.

Council had the power to decrease tax rates beyond the decrease proposed by the Mayor. It chose not to do so.

Council has not passed refund legislation in the 1972 budget and has no power to do so.

If Council did pass any legislation to refund taxes and for any reason failed to submit it I disapprove it for the reasons stated, and veto it.

Instead of a refund I have proposed and you have approved of a real estate tax decrease of two mills on land and one mill on buildings. This is the largest real estate tax decrease in forty years in the City of Pittsburgh.

I believe this was the fairest tax reduction and it has been properly enacted and the greatest number of our citizens will benefit from the real estate decrease.

Respectfully,

PETE FLAHERTY,
Mayor

Which was read, received and filed.

Also,

Bill No. 3074. An Ordinance entitled, "An Ordinance making appropriations to pay the expenses of conducting the public business of the City of Pittsburgh and for meeting the debt charges thereof for the fiscal year, beginning January 1, 1972."

Which was read.

Mr. Michaels:

Mr. Chairman, Bill No. 3074 of 1971 has been resubmitted so that Council can again override the Mayor's veto of portions of it. We have posted notices, as required by law, in the newspapers. I believe in the "shirt and suspenders" policy and that we here in

Council must override that veto, which I now make in the form of a motion.

Mr. Lynch:

Second the motion.

The Chair:

All those wishing to override the Mayor's veto on a portion of Bill No. 3074 of 1971, will vote "Aye" and those opposed will vote "No."

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:—

Miss Ballinger	Mr. Lynch
Mr. Caliguiri	Mr. Michaels
Mr. DePasquale	Mr. Shields
Mr. Fagan	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 9. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the objections and veto of a portion of Bill No. 3137 of 1971 by the Mayor was overridden.

Also,

No. 3138.

CITY OF PITTSBURGH

Pete Flaherty, Mayor

December 31, 1971

President and Members of City Council
510 City-County Building
Pittsburgh, Pennsylvania 15219

Subject: Bill No. 3075, dated
December 30, 1971
1972 Salary Ordinance

Gentlemen and Madam:

Attached to this letter is Bill No. 3075 dated December 32, 1971, entitled, "AN ORDINANCE Fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof."

I have approved of the Ordinance except for the following line item set

forth on page 12, Section 21 of said Bill which I hereby veto:

"Five Truck Driver Parking Meter Collectors----\$10,070 each per annum"

In the past parking meter collections were performed by five Parking Meter Collectors at \$6,758 or \$7,391. Since the Parking Meter Collector jobs proposed in my budget were not included in the Salary Ordinance proposed by Council, the duties of those jobs will be reassigned or be performed by another agency on an economically feasible basis.

For these reasons I hereby disapprove and veto the same.

Respectfully,

PETE FLAHERTY,

PF:fk

Which was read, received and filed.

Also,

Bill No. 3075. An Ordinance entitled, "An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof."

Which was read.

Mr. Michaels:

Mr. Chairman, during the Finance Committee hearings, it was determined the job classification for this description was Truck Driver. In fact, they do drive trucks and secondly, they are meter collectors. Therefore, we believe the title of the job "Parking Meter Collector," does not properly identify that job. For that reason, I move we override the veto with respect to that portion of Bill No. 3075 of 1971.

Mr. Lynch:

Second the motion.

The Chair:

All those wishing to override the Mayor's veto on a portion of Bill No. 3075 will vote "Aye" and those opposed will vote "No."

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:—

Miss Ballinger	Mr. Lynch
Mr. Caliguiri	Mr. Michaels
Mr. DePasquale	Mr. Shields
Mr. Fagan	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 8. Noes none.

(Mr. Fagan not voting).

And there being two-thirds of the votes of Council in the affirmative, the objections and veto of a portion of Bill No. 3138 by the Mayor was overridden.

And on motion of Miss Ballinger,
Council adjourned.

Mr. George W. Shields

Committee on Lands and Buildings

Mr. Walter T. Kamyk

Committee on Public Service
and Surveys

Miss Amy Ballinger

Committee on Public Safety

Mr. Edgar W. Michaels

Is there any other business?

Mr. Lynch:

Mr. Chairman, as you have indicated, I am going to replace Mr. Michaels as Finance Chairman and I would like to take this opportunity to express my thanks to Mr. Michaels for the superlative job he has done over the past two years, in his work with the budget and in his work conducted in the affairs of the City with regards to finance.

I am sorry that he finds it necessary not to continue in this post and I am sure that Council will be poorer for the absence of the firm and excellent leadership that he has provided. I hope that I can count on him in the years ahead for all of his help and assistance. I want to also express my personal gratitude to him for a job very well done.

The Chair:

Mr. Lynch, I am sure that you express the sentiments of this Councilmanic body.

Mr. Michaels:

Thank you, Mr. Lynch and I assure you of my cooperation.

Mr. Shields:

Mr. Chairman, I would like to add my thinking along with that of Mr. Lynch and say that the job that has been done by Mr. Michaels has been a very fine job. I can't help but think that it could not have been done any better than it was.

I would like to indicate to the public and to the press that the job of Financial Chairman of City Council is a terrific job. It is indicative of the problems of the City and the kind of effort that must go into doing the job of which the dedicated members of Council are all a part of. I know that we worked many, many hours, all of us. I would just like to add my personal congratulations and my personal thanks for a job that was done for the City.

I would hopefully think that some-

time, somehow, somewhere the rest of the City will thank him too.

The Chair:

I would hope so, Mr. Shields. I think he has received public recognition of renown through the daily press and through the electronic media. He did a good job as you have stated and I am sure all of the members of Council feel the same way, knowing the tremendous amount of work we did between December 6th and the time we presented the Mayor with the budget.

Mr. Calliguri moved

That the Minutes of Council, of Monday, December 27, 1971; Friday, December 31, 1971; Monday, January 3, 1972 and Wednesday, January 5, 1972, be approved.

Mr. Lynch:

Mr. President, I would like to introduce an additional communication from the Law Department to be attached to Bill No. 9, Series 1972.

**CITY OF PITTSBURGH
Pennsylvania**

January 14, 1972

Honorable President and Members
City Council
CITY OF PITTSBURGH

Dear President and Members:

On January 5, 1972, the then Chairman of the Finance Committee, Edward W. Michaels, requested the Law Department to provide "legal information with respect to the Councilmanic budgetary matter of its intent to make a refund on the 1971 Earned Income Tax and its proper place in the Budget."

In response to such request the Law Department has examined the Second Class City Charter Act (53 P.S. §22101 et seq.); the provisions of Act 511 (53 P.S. §6851 et seq.) pursuant to which the City of Pittsburgh levies the Earned Income Tax; the Constitution of the Commonwealth of Pennsylvania; Chapter 39 Volume 15 of McQuillin Municipal Corporations; 72 P.S. §556b dealing

with the subject of refunds of taxes by municipal corporations, and the applicable Pennsylvania appellate court authority.

On the basis of such examination it is clear to this Office that any legislation purporting to authorize the refund of any portion of 1971 Earned Income Tax levy must be based upon an express grant of power from the State Legislature. *Hotel Casey Co. v. Ross*, 343 Pa. 573 (1942); *Harbold v. City of Reading*, 355 Pa. 253 (1947); *Georgia's Twp. v. Union Trust Co.*, 293 Pa. 364 (1928); *Cummings et al. v. Scranton et al.*, Appellants, 348 Pa. 538 (1944); *Mastrangelo v. Buckley*, 433 Pa. 352 (1969).

Significantly the Constitution of the Commonwealth provides in Article III, Section 32, that

"Section 32 . . . the General Assembly shall not pass any local or special law:

(5) Remitting fines, penalties and forfeitures, or refunding moneys legally paid into the treasury."

(Bold face added)

Consistent with the foregoing the Pennsylvania Legislature has enacted a general law permitting political subdivisions to refund money which has been illegally collected or to which the subdivision was not legally entitled.

Similarly, Article VIII, Section 3 of the Constitution of the Commonwealth of Pennsylvania provides, in part, as follows:

"Section 3. Taxation laws may grant exemptions or rebates to residents, or estates of residents, of other States which grant similar exemptions or rebates to residents, or estates of residents, of Pennsylvania."

Again, legislation has been enacted authorizing rebates on a reciprocating basis.

Finally, it is interesting to note that Act 511 provides that if the aggregate revenues from taxes levied and collected under the authority of said Act 511 exceed the limitations imposed by the Act (12 Mills times Market Value), the political subdivision shall not expend

such excess during such year but shall deposit the same in a separate account for expenditure the following year.

From the foregoing it is quite apparent that the Legislature is (a) clearly cognizant of the need to express refund provisions with specificity and (b) has failed to express itself on the subject of refunding taxes validly collected under Act 511.

As was cogently stated by the Supreme Court of Pennsylvania in *Cummings et al v. Scranton et al*, Appellant, 348 Pa. 538 (1944), when denying Council the power to appropriate surplus funds for salary increases after the annual appropriation ordinance had been enacted:

"Irregularities in form and procedure might readily be corrected. Absence of power to act is fatal."

Accordingly, it is the opinion of the Law Department that your Honorable Body lacks the power to make a 25% refund from the amount of Earned Income paid to the City in 1971.

Very truly yours,

RALPH LYNCH, JR.
City Solicitor

RL/h

Mr. Lynch:

Mr. President, after conferring with the majority of my colleagues on Council, I believe it is the pleasure of Council to reconsider this bill in light of the legal opinion rendered by the Law Department and I move this bill be recommitted to the Committee on Finance.

Mr. Michaels:

Mr. President, I discussed this with my colleague, Mr. Lynch, and I am not trying in any way to take from what I know are the grievous responsibilities of the Finance Committee but since I entered the legislation initially, I would like to make this comment.

The problem we face now is no different really than it was when the bill was introduced. The question is, does

the City Council have a responsibility to the balanced budget and how should it react as it sees a cash surplus built up in the City coffers that is taken out of the pockets of the individual taxpayers. It becomes our responsibility, I think, to react to this.

If, in fact, it is proven that the opinion of the Law Department is correct, as I understand it, that it is the responsibility for this Council to go to the General Assembly for proper legislation, then it ought to properly do so or consider what other steps it may take in the future to prevent this cash accumulation.

The weakness faced in City government is that the Mayor proposes his program for the ensuing year and Council then must react to it as it sees fit. However, it is unable at that time to develop the intent of the administration. It is only after the year is in that Council can honestly assess the matter and see whether the program was carried out as best it could be or whether there was an intent on the part of the administration to over-state its expenditures so it would have the political advantage to say it was a well-run ship.

In the case here, we saw an accumulation of cash developing over a two-year period that we could presume would extend itself into year number three. In fact, in this case, where the administration has asked for 17 per cent more expenditures in 1972, the question is, can it perform at a 17 per cent greater ratio than in the past year. There is no hiring policy, no extended programming, and therefore no justification for this Council to presume an accelerated rate of providing city services. This problem will still have to be faced by City Council regardless of what we do with this present refund. I think it is to this matter we must address ourselves.

Mr. Lynch:

I would like to make it clear to Mr. Michaels that action of Council to recommit this bill in no way takes issue with his fundamental position, nor should it prejudice his position, nor

should it be construed as a commitment on the part of Council. We introduced an issue, it passed Council; now we have a legal opinion that seems to me, and it seemed to me in conversation with my colleagues, that it is weighty enough to recommit this to Council to further deliberate on the matter. I would like my motion not to be construed as contrary to Mr. Michael's position.

Which motion prevailed.

Mr. Michaels:

And I concur with the recommendation, but I thought it was the proper time to make that statement.

Mr. Mason:

In response to Mr. Michael's request, we received the legal ruling only this morning, about 9:30 a.m. and it was agreed we would recommit it. It is quite proper, and Mr. Michael's remarks are in order, but more appropriately a decision will be made after remarks on Wednesday when the bill is taken up for further discussion.

The adoption of the resolution.

Which motion prevailed.

The Chair:

I have just finished a private conference which could be of major importance, based on my experience of four and one-half years here.

I think each of us has a real responsibility as Chairman of the respective committees to examine the budget with great care between now and Wednesday morning. We have of course, and it is not unusual, uncovered a number of typographical errors, as well as certain areas of phraseology for the purposes of interpretation by this body for the forthcoming year.

Please do not make light of this. It is extremely important, for once we have passed this we are forever bound by the year of 1972 by what is contained in the final analysis of the budget.

So, I am asking each of you who head committees to go over the budget with a fine tooth comb to uncover any other typographical errors, if there are any, or if there are any other interpretations of certain phrases etc., that would be in-

flexible to employees and the departments as we operate.

Please, because there is no need of us waking up in June to find out there has been a misinterpretation when we know that we have the responsibility to do it between now and Wednesday.

Thank you very much

Mr. Lynch moved

That the Minutes of Council, of Monday, January 17, 1972, be approved.

Which motion prevailed.

And on motion of Mr. Caliguiri,

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Lynch presented

Bill No. 122. City Council does hereby direct that the City Solicitor prepare a petition in mandamus for presentation to the Court of Common Pleas requiring the Mayor of the City of Pittsburgh, Peter F. Flaherty, to allow immediate access to the records of the city pertaining to the Capital Budget and/or any other records which Council may require, and recognizing Mr. Edward Albert, newly appointed Assistant Budget Controller Engineering Program, of the Council of the City of Pittsburgh as duly authorized agent of the Council for this purpose.

Your immediate attention to this request will be required. This petition must be prepared for submission no later than February 10, 1972.

Which was read.

Mr. Shields:

Mr. President, I want to speak in opposition to this resolution.

I would like first of all to say that I am in firm agreement with the purpose

of the Resolution. I think we must have it if we are going to act intelligently and ultimately on matters affecting legislation to be passed by Council and that we have the information necessary to form a proper and intelligent judgment pertaining to the law, acknowledgeable judgment, at least.

In this case we are asking what is implicitly a situation that involves a conflict of interest. You know, we are putting ourselves in a position to be accused of playing politics rather than being concerned about the job for which we are responsible. Obviously, an employee who is appointed by the Mayor to be asked to prepare a suit against the Mayor of the City of Pittsburgh, is going to be placed twice in a position of conflict of interest.

Rather than ask it and directing our purposes to the appointed employee, I would heartedly recommend that we move hastily to appoint a legal consultant to prepare the necessary legislation and the necessary legal papers for proper presentation before the Court so that we can have action. I don't see how we can expect, first of all, a man in his position to move ahead in this situation. The obvious answer would be no, we would only be wasting time. We want a yes answer. We want to go ahead and move forward and I recommend that rather than move on this Resolution, we act more directly at the core of the problem by moving to have an independent, outside attorney appointed by Council to serve the purposes for which Council feels that it requires. We want information. Let's move ahead without involving ourselves in matters that are irrelevant to the problem.

We are going to get involved in a time consuming thing, a request, a "no" answer, and we are going to have to move ahead anyway.

Mr. Lynch:

In response to Mr. Shields, I would like to point out that I consulted with the City Solicitor, Mr. Lynch, and the fact of the matter is City Council, according to Mr. Lynch, is not entitled to employ outside counsel. We are not empowered to employ any other counsel. Under the City Charter Act for the

City of Pittsburgh, the City Solicitor is our lawyer, with no choice, nor does he. Anybody to act on behalf of City Council must be the City Solicitor. So, therefore, if we want to ask the Mayor to open his records legally to us, nobody can tell him to contact the City. The attorney for the City is the City Solicitor under the City Charter Act.

There are all sorts of legal precedences cited as in the case of Scranton and other cities in the United States in which the Courts have absolutely refused to allow Councils to hire their own legal counsel.

Therefore, I submit that the only recourse left open to Council is to request Solicitor Lynch to prepare this mandamus, which is in effect, against his employer. Under the Charter Act, he represents us both.

Mr. Michaels:

Mr. President, I subscribe that Mr. Lynch is not an employee of City Council nor an employee of the Mayor of the City of Pittsburgh, but an employee of the citizens of the City of Pittsburgh and must act in the best ways in that he can in that capacity. The fact that the legislation is made by the Mayor is irrelevant to the problem as I see it, for which the purpose is I assure you, for appointing a qualified attorney.

He represents all of us and to ask him to perform on our behalf, I believe he is of the responsibility to do so.

Mr. Lynch moved

The adoption of the resolution.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:—

Mr. DePasquale	Mr. Lynch
Mr. Fagan	Mr. Michaels
Mr. Kamyk	Mr. Mason
	(Pres't)

Noes:—

Mr. Caliguiri	Mr. Shields
---------------	-------------

Ayes 6, Noes 2.

And a majority of the votes of Council being in the affirmative, the resolution was adopted.

The Chair presented

MOTIONS AND RESOLUTIONS

Mr. Lynch:

Mr. President, I cannot resist observing for the record that we have reached a new record, I think, with the fewest number of bills ever to be presented to the Finance Committee and I would like to inquire from the Mayor as to why we have such a small number of bills.

I would like to point out, also, for the record, we have not received a satisfactory answer from the City Solicitor with information on our request for mandamus proceedings and I would like to express my disappointment that the Solicitor's Office would so summarily dismiss instructions from this Council, and I will have more to say at a future date.

Mr. Mason:

Is it your suggestion that the correspondence asking for the ruling from the City Solicitor and his subsequent reply be entered into these proceedings?

Mr. Lynch:

Yes, and I will move that be entered into the record.

Mr. Lynch:

Mr. Chairman, I move the adoption of the resolution.

Which motion prevailed.

Miss Ballinger:

King Peter Flaherty rules the City of Pittsburgh like an ancient monarch. He is the oldest young man in history. And the time has now come for King Peter to put up or shut up.

He says he has saved us lots of money. But actually he has put us on the skids by withholding some very vital city services.

Now it is time for him to come up with some modern ideas to oldtime problems, instead of squawling that we're not going to do this, and we're not going to do that. He really ought to get with it. It's time for the tyrant, Flaherty, to come up with some proposals we will do. Now!

He opposes skybus. But the tired monarch neglects to tell his poor little subjects what he proposes instead. He talks about steel wheels and steel rails and upgrading existing facilities. Why these facilities are based on a principle 144 years old. Steel wheels and steel rails were outmoded before Pittsburgh was incorporated as a city.

President Nixon has traveled ten thousand miles to talk over our problems with the Chinese but Peter Flaherty won't even talk to Pittsburgh's elected councilmen and he won't even walk across the street to try to solve our differences on rapid transit.

Our municipal monarch has destroyed the morale in the ranks of both police and firemen. Our taxes have never been higher but the taxpayers were never more worried about their safety.

Our streets are loaded with potholes. Garbage collection is a constant irrita-

tion. Many City jobs remain unfilled. Many good men have been fired. Survivors have been turned into malcontents, filled with fear.

It is time for the dictatorship in City Hall to come to an end. We have had a reign of terror and rule by fear. And it must come to an end if the city is to survive.

Our tyrant has delegated much too much power to his prime minister (or would it be more accurate to call him the royal hatchetman?).

He has alienated a lot of dedicated civic leaders, in the Zoological Society, the Allegheny Conference, the Regional Industrial Development Conference, the Southwest Regional Planning, not to mention a lot of fellow Democrats who never deserved to be treated like traitors.

He has injured feelings. He has frightened and fired more public employees than any other mayor in his own lifetime.

King Peter owes us less fear, less rhetoric and more action.

The Renaissance is over.

King Peter has killed it.

Mr. Michaels moved

That Mr. Caliguiri, Mr. Fagan and Mr. Shields be excused for absence from this meeting.

Which motion prevailed.

Mr. Michaels moved

That the Minutes of Council, of Monday, February 14, 1972, be approved.

Which motion prevailed.

And on motion of Mr. Lynch,

Council adjourned.

The Chair:

Mr. City Clerk, do we have a paper from Mr. Boulden for the Chairman of Finance concerning the suspended program in Model Cities?

Mr. DiNardo:

No, I don't have it. He promised to have it here but he doesn't.

The Chair:

Mr. City Clerk, can we make a motion in terms of this particular paper?

Mr. DiNardo:

You have to have a paper before you to make a motion.

Mr. Lynch:

Mr. Mulvihill, is that correct? Will you come forward?

Mr. Mulvihill:

Yes, you must have a paper. But if you are doing what I think you are, the problem has been taken care of. I understand that Mr. Boulden has lifted the suspension.

The Chair:

What time did he lift the suspension?

Mr. Mulvihill:

I'm not sure but I understand that it is Mr. Boulden's intention to proceed with that program and if the problem is not resolved by HUD, then it would be paid for by means of some ordinance.

The Chair:

We left Mr. Boulden somewhere around 10:35 A. M. and he was going to have a paper before us for submission in order for us to carry on for a minimum period of seven weeks from a special grant of \$25,000. Am I not correct?

Mr. Michaels:

Mr. President, Council was prepared to move in the area of a grant for \$25,000 toward the Model Cities program so that the "Meals on Wheels"

program might continue without interruption until such time as the problems that Model Cities is having with the Administration is resolved so that the people who are so dependent upon this can continue to receive it.

If the information received by Mr. Mulvihill is correct, then that program will continue without interruption. Then obviously there would be no need for the legislation.

So, if this Council does not adjourn this afternoon before we are sure of that matter, then I would direct that perhaps Mr. Alberts would make that call to Mr. Boulden's office now and ascertain whether or not that is for certain. Of course, if Mr. Mulvihill will ascertain that certainly, then I have no further question.

Mr. Mulvihill:

I will be happy to check it for you.

The Chair:

Thank you, Mr. Mulvihill.

With that omission Mr. Chairman of Finance, we can hold both your papers for the introduction of both. We can introduce that paper when Mr. Mulvihill comes back with the answer.

The Chair:

Before we proceed further, Mr. Mulvihill has returned with an answer for the Chairman of Finance, Mr. Lynch.

Mr. Mulvihill:

Mr. President, I spoke a moment ago with Bob Boulden and he verified that it was his decision to carry on with the Food Service Program and lift the suspension for this purpose.

If matters cannot be worked out with HUD for this purpose, this whole project will be dependent upon an agreement with Hill House.

The Chair:

Does that answer the question

to the satisfaction of you gentlemen? Excepting that we don't have a paper before us and that bothers me.

Mr. Michaels:

Mr. President, if Hill House, which is undoubtedly the contracting agency and hoping to agree with this, but certainly if they are not the contracting agency, we couldn't go ahead with the program anyhow.

It seems to me at this stage of the game the matter has to be handled for the moment and can be furnished by the Wallace Act Ordinance, depending upon action by Council.

The Chair:

Thank you very much, Mr. Michaels.

Mr. Lynch:

If I might be allowed, Mr. President, I would like to acknowledge the fact that Mr. Michaels, this morning in the caucus, presented Council with the option that we could stand ready to provide the necessary funds to keep this program alive for those people who have been able to secure it. And, Council at this session, is prepared to underwrite that program on a temporary basis on Mr. Michaels' suggestion.

I think that the awareness and the action on the part of this Council, generally, is commendable.

MOTIONS AND RESOLUTIONS

The Chair presents a resolution re death of "Doc" Lewis.

The Chair presented

Bill No. 245. RESOLVED, that the untimely death of E. E. "Doc" Lewis, reporter, for Sun Telegraph, Channel 11, free lanced for several news services. Doc, as he was affectionately known, exemplified the honest, fair, dedicated and hardworking reporter. His newspaper career covered the Common Pleas Court, the Political and City Hall, his earthly reporting not only did a credit to him, but also to his profession. Fellow reporters respected and admired him. He was a reporter's reporter.

THEREFORE, be it

RESOLVED, that the Mayor and the

Council of the City of Pittsburgh extend to his wife and relatives their deepest sympathy in their hour of bereavement.

Resolution read and adopted.

The Chair:

Would like to announce the appointment of Mr. Michaels, as Chairman of Public Safety, along with Mr. Kamyk and Mr. Shields to deal with the whole problem of Black Police recruitment with the N.A.A.C.P if that is satisfactory.

Mr. Kamyk has worked as Committee Chairman and Mr. Michaels has worked with Mr. Shields on the Committee in Council. We will have a number of legal questions involved here and I think we have a good committee.

Will the City Clerk kindly advise Mr. Stevens as quickly as possible.

Mr. Michaels:

I am aware that there are important times in the City of Pittsburgh with respect to some of the things that are going on at both the State and National level. Mainly, at the National level, there is a great deal of talk about revenue sharing and I am curious as to how this might affect the City of Pittsburgh.

Also, there is before the State House a bill with respect to Home Rule and obviously, I would be interested in how the City of Pittsburgh will be affected by the present Home Rule bill being considered by the Legislature. I would ask then, that our Legislative Liaison man who serves in the Mayor's cabinet come before us on Wednesday and tell us what input he has made in these two areas and describe for us what he feels are the strengths and weaknesses of those bills.

The Chair:

Do you want that as a suggestion or a motion, Mr. Michaels?

Mr. Michaels:

A motion, Mr. Chairman, I move that the Legislative Liaison officer of

the Mayor's office be invited to appear before City Council at its meeting on Wednesday, March 15, 1972.

Which motion prevailed.

Mr. Caliguirri:

Due to the impasse that has taken place over the week-end between the Zoological Society and the Mayor's office, I would recommend at this time that we put together a committee to look into this matter.

I know that there is a court case going on right now upstairs to determine whether or not there is going to be an injunction and until we find out what comes of this court case, again, as I say I would like to put together a committee to work on this and find out just how City Council can at least get some sort of an agreement put together. Either Council, or at least try to effect an agreement between the Society and the Administration so that this impasse can be eliminated and they can continue to operate the Zoo long before summer is upon us and before we open up the main Zoo and the Children's Zoo.

This is a suggestion, Mr. President.

The Chair:

The Chair will take that under advisement and talk with Council about it, since it is in court at this point. I recognize that you don't want a stalemate, Mr. Chairman, of the Department of Parks and Recreation but on the other hand, I want to make sure before I move on.

Mr. Lynch:

Mr. Chairman, I would concur with Mr. Caliguirri but I would point out

that Mr. Caliguirri is already Chairman of that and I think it belongs properly within the Chairmanship of the Committee on Parks and Recreation to concern itself with that problem.

The Chair:

In consultation with the President—

Mr. Lynch:

No, I think the Chairman has a clear authority to move in that direction and I think that he should do so and I think that every man in this Council would do whatever he would ask with regard to helping us solve this problem.

Mr. Michaels:

Mr. President, I would like to reflect a show of confidence in Mr. Caliguirri and I am sure Council will join with him, all of us, in helping him to resolve this problem and hope that he would offer Council his expertise.

We know his background and experience in this field and I think we are ready to listen to anything that Dick has to say.

Mr. Lynch moved

That the Minutes of Council, of Monday, March 6, 1972, be approved.

Which motion prevailed.

Mr. Fagan moved

That Council adjourn in a moment of silent prayer in memory of the late E. E. (Doc) Lewis, Reporter.

Which motion prevailed.

And Council adjourned.

MOTIONS AND RESOLUTIONS

The Chair presented

No. 278. WHEREAS, God in his infinite wisdom has seen fit to remove from our scene a famous and beloved citizen, Harold Joseph (Pie) Traynor, who came to the City of Pittsburgh as a young man to play professional baseball; and

WHEREAS, After a great career in his chosen profession, he was elected to the Hall of Fame in 1948 and became known as the greatest third-baseman that ever lived. He was selected as Manager and later was named coach and instructor of the only National League baseball team he ever played for, The Pittsburgh Pirates.

His baseball career having ended, "Pie" and his wife, Eve, chose Pittsburgh as their home, where he became a radio and television personality and a pleasing after-dinner speaker.

He became one of this City's most famous and beloved citizens, was loved by young and old alike, and reflected the very best as an athlete and citizen.

To sum it all up and quoting an editorial in the Pittsburgh Press of Saturday, March 18, 1972, "Pie Traynor—Modest Immortal."

THEREFORE, be it Resolved, that the Mayor and the Members of the Council of the City of Pittsburgh, on behalf of the citizens of this city, extend their deepest expression of sympathy to "Pie" Traynor's widow.

Which was read.

Mr. Fagan moved

The adoption of the resolution.

Which motion prevailed.

Mr. Mason:

With your permission, I would like to say a few words. I am saying this with as much studied reference that I possibly can. I did not reflect on what I am about to say alone. I have talked with each of you at one given time or another and it was the studied opinion of you, my colleagues, that nothing should be said. I abided by this and kept my big fat trap shut.

The situation became intolerable to me, not only as your elected President, but because of this irresponsible newspaper article that proposed to do an analysis on the behavior of this Council and each and every City Councilman.

I would not necessarily be perforce to react to this excepting I came here naked as every one of you did and I bore a name. The name is Mason, and in case the reporters don't understand it, it is spelled M-A-S-O-N. It is a name I have tried to protect.

This newspaper article which challenged the integrity of this Council is unpalatable to me as it reflects on me as an individual, and on Council as a whole. I am not using this platform for me; I'm using it in terms of a challenge to leadership.

You talk about leadership. You guys, my colleagues, out there are the leaders and everyone of you know it. Night and day I have called you. Night and day I have to wrestle with decisions, some of which I didn't always agree with. But when you invade my home and attack my integrity and my attempted contributions to this community, I have to take exception. For 27 years I have labored here and I don't intend to be maligned, nor have my family upset by this kind of journalistic irresponsibility. I mean that from the bottom of my heart.

Each of you know I have called you night and day and I think I talked to Mr. Michaels at 11 o'clock night before

last. I have talked with Mr. Fagan as late as one o'clock, A.M., and with Amy. I need your advice. I am not the leader per se and I am not here because I am Black. I don't think I am. At least I'd like to think I wasn't here because I'm Black but because somebody recognized at some point that maybe I had some ability and contributions to make. If I don't, you ladies and gentlemen have a right to expunge me from this office and anybody can have it.

Two of my colleagues have come to me and said, "you're working too hard," and "you ought to be paid \$25,000." I think I produce as much as some of the directors produce who earn \$25,000 and we have to plead with them and threaten them to get them off their fannies to do the job that you and I are responsible for by the public.

I get a little bit sick and tired of people who would take another person's character and reputation and put it forth in this kind of an attack. I don't like it! I called the newspapers and told them I didn't like it. I think it is unfair to each and every one of you.

I'm not afraid of conflict but don't tell me because you have 250 or 300 thousand readers, I can't attack back.

I use this platform to say to you if you don't want me in this Chair, take me out. If I don't give the leadership you want, take me out.

Each of you City Councilmen, in the year 1971, responded on three different occasions to phone calls made as late as 10 o'clock in the evening to be in this office at 9 o'clock the following morning for a caucus. In another instance, all of you, without exception, responded to a call at 7:15 o'clock, p.m., to be at a caucus and special legislative meeting on December 31, 1971.

Either you came because of leadership or because of your feeling of self-responsibility to the job which you hold. I have faith in you, that you didn't come because Lou Mason called and said there was an emergency, but because you had a responsibility to your community.

I mean what I say from the bottom of my heart. Anybody who wants to

take difference can expunge my name from news print finally. We have cooperated with the press. We have tried to get quartz lights for television cameras; they use our telephones and our photocopying machine. Sure, sometimes I don't answer their questions, because I can't answer. I can't answer for the opinion of Council. You folks can go on radio and television and speak of your opinion, but when I speak, I speak as President of Council. I speak when you leaders out there tell me your focal point and then I respond thereto in terms of the consensus of opinions.

I have had my say. Any other comments?

MOTIONS AND RESOLUTIONS

Miss Ballinger:

Mr. Chairman, I don't have a motion or resolution but I would like to speak very shortly on behalf of the Firemen's Pension Fund for the widows.

I feel that we all, and I hope that I am not using my prerogative unduly, but I feel that the members of City Council feel as I do. We all have received so many letters and telephone calls from the widows wondering what City Council is going to do with regard to their pension. And, I feel that we can assure the widows that after we explore where the funds come from, that we will do everything that we possibly can to see that the widows get their pension.

We know that it is justified. We know that whether their husbands have died in fighting fires for this great City or died of natural causes, we know that it is deserving. We know that it is very small. However, I feel that we should assure them that we are working on this proposition and as soon as we find from where we can secure the necessary money to pay it, that we will proceed accordingly.

Mr. DePasquale:

Regarding the widows of Firemen, it behooves me that we still have hundreds of vacancies in the Police and Fire Departments. I think something like 112 in the Police Department and over 100 in the Fire Department.

I think since the first of the year, 12

more vacancies have been created in the Police Department and six (6) in the Fire Department and I would like very much for a special meeting to be called, a public meeting, with Mayor Flaherty and the heads of the F. O. P. and the Fire Fighters and also, naturally, the heads of the Public Safety Department, the Police Chief and the Fire Chief, and I so move.

It should be aired to the public as to why these vacancies are not filled and it should be brought to the surface. The money is there, the vacancies are in the budget and the money is provided for in the budget and we haven't filled one vacancy, or the Mayor hasn't, since the first of the year.

It is just going on and on and I am just curious as to whether or not we are going to do away with the Police and Fire Departments. We have something like 40 or 50 Police and Firemen now that are ready to "jack up" as I understand, who are ready to take their time and it is a possibility that 300 or 400 more may retire at one time. Now, it is no problem that they could and if they did, this City would be in a situation where we just couldn't repair it.

We've got to do something. We've got to call the Mayor and bring it to his attention. This affects all of the City of Pittsburgh and when it comes to public safety, cost be hanged, because these jobs have to be filled.

Mr. Lynch:

Mr. Chairman, due to the fact that the Chairman of that Committee, Department of Public Safety, Mr. Michaels, has not been heard from, maybe before we vote on the motion, Mr. Michaels might have something to say.

Mr. DePasquale:

I'm sorry, I didn't mean to slight the Chairman, Mr. Michaels, I'm sure.

The Chair:

Mr. Michaels, do you have any comments that you would like to make?

Mr. Michaels:

No comments.

The Chair:

It has been properly moved and seconded that all participants taking part in this session to discuss the current vacancies in light of the Civil Service Examinations.

I would like for the Civil Service Commissioner to be present, the Public Safety Director, the Fire Chief, Chief of Police, plus the Chief Examining Officer and the Chairman of the City Civil Service Commission. Is that right?

Mr. DePasquale:

Plus the F. O. P.

Which motion prevailed with the exception of Mr. Michaels who registered his abstention.

Miss Ballinger moved

That the Minutes of Council, of Monday, March 20, 1972, be approved.

Which motion prevailed.

And on motion of Mr. Lynch,

Council adjourned.

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

The Chair:

Prior to the first order of business is the nomination of the City Clerk and that of the Assistant City Clerk for their office.

The Chair would like to turn over its

authority to Mr. Thomas L. Fagan for the nomination of City Clerk.

Mr. Fagan:

Mr. Fagan:

I now open the nomination for City Clerk for the ensuing term.

Mr. Mason:

I would like to place in nomination the name of Mr. Louis DiNardo who has been an employee of the City of Pittsburgh for the last 30 years. He started as a clerk, was elected to Assistant City Clerk and then to City Clerk.

	(Pres't)

Ayes 8. Noes none.

And Louis C. DiNardo having received the unanimous vote of Council was duly elected City Clerk for the ensuing term.

Mr. Fagan:

Mr. Chairman, I rise at this time to place in nomination for the Assistant Clerk, Mike Perry, who has served this Council well. He is a young fellow who has worked diligently at this position and I think that we have the proper balance as far as age is concerned here.

I am sure that some day Mike will follow his serious aspirations in the way he has worked and some day he will reach the heights of being the City Clerk.

So, with that Mr. Chairman, I place in nomination the name of Mike Perry.

The Chair:

Is there a second to the nomination?

Mr. Michaels:

I second the nomination.

Mr. Kamyk moved

That the nominations close on the name of Michael A. Perry.

And Michael A. Perry having received the unanimous vote of Council was duly elected Assistant City Clerk for the ensuing term.

The oaths of office were duly administered to Louis C. DiNardo, City Clerk, and Michael A. Perry, Assistant City Clerk, by Louis Mason, Jr., President of Council.

The Chair:

Do either of you gentlemen wish to make any remarks?

Mr. DiNardo:

With your permission Mr. President, I would like to thank the members of Council for the confidence they have shown in reelecting me to my third term.

Thank you.

The Chair:

MOTIONS AND RESOLUTIONS

Mr. DePasquale:

I would make this in the form of a request. I would like to have the Director of the Department of Water and a representative of the Rockwell Manufacturing Company present at our meeting on Wednesday morning in regards to three particular cases which we have received of exorbitant water bills where water charges have risen from \$75 to \$900 in one case and in another, from \$50 to \$500. One store is Sol Mintz's on Wood Street and Vincent Henry's Restaurant on Penn Avenue.

I would like to have explained to me by the manufacturers of these meters whether there is a possibility of slippage in the meters to cause so much discrepancy. The Water Department says if their meters are not faulty, and there are no leaks, the water must have been used and payment must be made. It seems if the meter shows a person using that much water in a three-month period, there must be a reason and I would like to hear from Rockwell Manufacturers, with the Director of the Department of Water present, at Wednesday's meeting.

The Chair:

It appears to me, over a period of years, there may now be some defect and while Mr. DePasquale mentioned some outstanding businesses, what about the small householders.

Is there any opposition?

Hearing none, I assume it to be okay and Mr. DePasquale, if you could arrange to have Mr. Miller and whatever representative Rockwell Company wants to have present at our Wednesday's Committee meeting to make an interpretation for me.

Mr. DePasquale:

I don't want to waste anyone's time, but in the past, they have had these representatives in and they have admitted that it is possible, although not probable, that slippage occurs.

The Chair:

Abiding by that suggestion, I think we have approval on that.

Any other comments?

Mr. Lynch moved

That the Minutes of Council of Monday, April 3, 1972, be approved.

Which motion prevailed.

And on motion of Mr. DePasquale,

Council adjourned.

MOTIONS AND RESOLUTIONS

Miss Ballinger:

Mr. Chairman, I would just like to make a statement with regard to just what you have said, for the people who are here on the Convention Site.

I think that they are aware now that a resolution has been presented and will be sent to Committee, as you said, on Wednesday for discussion. And, while I feel that adopting the resolution presented today is not exactly what I would have liked, but I do feel that we are now progressing toward a Convention Center and this is a great step forward.

I wanted to tell the people that after a very serious meeting this morning in conference where we studied the many phases that involves building a Convention Center, that the majority of Council expressed themselves and said that they would still like to have a price from the Penn-Central.

Even though I fought it vigorously, feeling that it can't come about within a lesser period of approximately two years, and also feel that the amount of land the Penn-Central had to offer is not sufficient to establish a Convention Center. But, this was the will of the majority and I felt that I should go along with it.

We also want to explore the possibility of the County playing a major part

in the Convention Hall because I am quite sure that the people from the Southside realize in building a Convention Hall is not just a matter of constructing a building. And, while we know that jobs are necessary all throughout the country, even building a Convention Hall entails many phases, not only of the City Government but County and State. It might be their wish, but we can and will have a definite site chosen very shortly and of course, we will try to make it as soon as possible.

Since the matter has been dragging for quite a period of time, I now believe that it is well on its way to reality and let's hope so for the good of all the people of the City of Pittsburgh.

I have committed myself to this site as have the other Councilmen, and I promise steadfastly to push it with all my might. Some pushes are larger than others, as we are well aware, but each little push is better than none and I shall offer that.

Thank you.

Miss Ballinger moved

That the Minutes of Council, of Monday, April 10, 1972, be approved.

Which motion prevailed.

And on motion of Mr. Fagan,

Council adjourned.

Whereas, the Housing Inadequacies Task Force of the Reappraisal and Development Commission ("Housing Task Force") believes that Pittsburgh would provide an excellent locale for one of the six United States Department of Housing and Urban Development hous-

ing allowance demonstration experiments; and for that reason and because the "Housing Allowance Program" offers a new approach to many old and vexing problems of housing, the Task Force, on January 19, 1972, after reviewing the new program, unanimously passed the following resolution:

'(1) The Housing Task Force supports the principle of "control by the market" involved in housing allowances.

'(2) The Housing Task Force approves and supports the H.U.D. housing allowance experiment, provided an adequate income allowance is provided; and provided the program reflects regional differences affecting the proposed allowances; and provided Section 235 and 236 programs continue during the experiment.

'(3) The Task Force urges the city, county officials, affected agency heads and our Congressmen and Senators aggressively to seek that Pittsburgh and Allegheny County be included among the six (6) experimental communities to be chosen by the H.U.D. for this demonstration; and

Whereas, it would be to the benefit of the City of Pittsburgh if it were selected as one of the six (6) demonstration communities for the housing allowance demonstration experiments.

UNFINISHED BUSINESS

The Chair presented

Bill No. 451.

CITY OF PITTSBURGH

PETE FLAHERTY, Mayor

May 1, 1972

President and Members of Council
510 City-County Building
Pittsburgh, Pennsylvania 15219

Re: Veto of Bill No. 366

Dear Gentlemen and Madam:

I am returning the attached Ordinance unsigned with my veto for the following reasons:

The fees are discriminatory and excessive.

The Ordinance requires the people of Pittsburgh to pay an admission fee of \$1.00 to enter the zoo and an additional fee of \$1.00 to park in the parking lot.

At the same time Council has granted an exemption to members of the Zoological Society.

The main zoo must be free to the people and parking rates must be applied uniformly and equally to all people.

Very truly yours,

PETE FLAHERTY

PF:fk

Which was read, received and filed.

Also,

Bill No. 366. An Ordinance entitled, "An Ordinance authorizing and directing the Mayor and the Director of the Department of Parks and Recreation to enter into an agreement with the Pittsburgh Zoological Society, providing that the Pittsburgh Zoological Society under the supervision of the Director of the Department of Parks and Recreation shall have the right and privilege to operate the Children's Zoo, the Underground Zoo and the Aqua Zoo at the Pittsburgh Zoo; to collect admission and parking fees, to operate concessions for the sale of refreshments and souvenirs; to operate amusements; to use the proceeds therefrom for the operation and maintenance of the Children's Zoo, the Underground Zoo and the Aqua Zoo and for the continued development and improvement of other areas of the Pittsburgh Zoo, fixing admission and parking fees; authorizing the Society to exempt its members from such admission and parking fees; and providing for the payment of \$55,000 a year to the City from the Society for

the construction of the Heth's Run parking area."

Which was read.

Mr. Caliguiri:

Mr. President, I would like to move at this time we take a vote to override the Mayor's veto on Bill No. 366.

Mr. Michaels:

Mr. President, I would just like to add, I don't believe the Mayor's letter actually describes the situation at the Zoo properly at all. He must well know that in the new ordinance, it does call for the Zoological Society members who pay a minimum of \$10 a year, \$1.50 of that immediately goes into a trust fund. The remaining \$8.50 is used generally, by the Zoological Society, for general benefits for the Zoo. Therefore, I can't really understand the remarks made by the Mayor and I would just like to make that comment.

Mr. Mason:

For the purposes of the press, would you be kind enough to indicate the sanctions on that trust fund or the provisions of that trust fund will not be used for the City's general fund, but for that fund alone.

Mr. Michaels:

I think Mr. Caliguiri could state them better than I.

Mr. Mason:

Mr. Caliguiri, would you delineate on the trust fund?

Mr. Caliguiri:

The trust fund is established to accept any excess funds from the general admission fees, the excess funds from the parking fees and the concession stands. Also, 15 per cent of the Society's membership dues will be put in this trust fund which will amount to approximately \$10,000 per year under the present membership. This money

will be used for the expansion of the entire Pittsburgh Zoo which includes the main Zoo complex, so the statement that these fees may be discriminatory is not true, because they are going to be used by the Society in cooperation with the City to further expand the entire Pittsburgh Zoo.

I might add also, this one dollar charge the Mayor is talking about, let us not kid the public, because at least 75 per cent of the people who visit that Zoo complex are from outside the City of Pittsburgh so we are not saving money for the people of Pittsburgh. In fact, they incur one hundred per cent of the operations cost of the Pittsburgh Zoo. We are not making it free to them, but free to the people who, in fact, do not contribute any tax dollars for the operation of the Zoo.

Mr. Mason:

No one can touch that fund for general purposes, but it must be used exclusively for the Zoo?

Mr. Caliguiri:

That is right, exclusively.

Mr. Lynch:

I think the Mayor's charges are ill-founded, irresponsible, and simply evidence of the Mayor's throwing a temper tantrum because he is not able to rule the City by decree. Obviously, working out an agreement with the Zoo Society is in the best interest of the citizens of this City. That is what has been agreed to, in my opinion, and for him to come up with this kind of move, this play acting, in this last-minute veto, after being fully aware of what was going on, I believe, is a disservice to this Council and to the citizens of Pittsburgh and I think we should not waste any more time on this kind of display of temper tantrum, and would like to suggest we move along.

The Chair:

All those wishing to override the Mayor's veto will vote "Aye" and those opposed will vote "No."

And the roll being called the ayes and noes were taken, agreeably to law, and were:

REPORTS OF THE SUB-COMMITTEES OF COUNCIL

The Chair:

I would like to report for the record that the sub-committee of this Council, including Councilwoman Ballinger, Councilman Fagan, Councilman Lynch, Councilman Michaels and myself met with the County Commissioners last Thursday, May 18, 1972 to discuss the possibilities relative to bringing down to four (4), the different kinds of possibilities; so that it can be offered as material for the proposed convention center.

It was agreed that the County Solicitor and the City Solicitor would sit down and try to iron out the phases set down and check out the four (4) possibilities.

I would also like to say for the record and totally for Council, in response to the letter from the Mayor that the meeting, in effect, was open to the public

by the admission of the fourth estate both T. V. and radio as well as the printed material.

The implementation of the suggestion which was agreed to by the committee will follow as soon as we get the two solicitors to iron out the various options referred to in the report.

Is there any other member who wishes to add something to my very brief report?

Mr. Michaels:

I believe that it is important to show also, Mr. Chairman, for the record, that the Mayor was invited to attend, but he chose not to attend this conference.

The record also ought to show that the Mayor did not meet with us to discuss the problems or the operation of the convention center. I believe his statement to be entirely a subterfuge. He didn't tell me who he met with, or who was there or who he was going to meet with. I think the Bill of Rights allows me still the freedom of assembly because I am a Councilman and I don't think I ought to be denied that right.

I think his gesture was to discredit members of this Council and also the County Commissioners and I think the

Mayor's failure to participate in this discussion is unfortunate for all.

The Chair:

Thank you, Mr. Michaels.

Are there any other comments from members of that committee?

I just want to make sure that this subcommittee duly meets so that we can therefore champion the work of this committee.

MOTIONS AND RESOLUTIONS

Mr. Calliguiri:

Mr. President, relative to Council Bill 532, I would like to make a motion that Council, under your signature, direct a letter to A. W. Mellon Charity Trust Fund thanking them for their grant of \$800,000 to rehabilitate the Allegheny Regional Branch of the Carnegie Library. I think it is a fine gesture on their part and even though they may be thought of as a special interest group, I think the people of the City of Pittsburgh should know we need these kind

of special interest groups to help us. We don't realize \$800,000 every day, and I move that Council direct a letter expressing our gratitude for their grant.

Which motion prevailed.

Mr. Lynch:

With regard to the recent dispute over the grant of the City of \$8,500 to the Three Rivers Art Festival, it has come to my attention the procedure followed in the past, in the case of normal grant appropriations, the money is granted by Council, the notice is sent to the City Controller who prepares the check which is signed by the Mayor and then signed last by the City Controller. Mr. Rush tells us that is the procedure.

I would like, then, to direct an inquiry, by motion or whatever pleases the Council, for a report at Wednesday's Finance meeting as to why, when it was received by the City Controller, it wasn't signed and sent to Three Rivers Art Festival? How can the Mayor send one of his aides down to pick up a check for him? I would like to have that question aired at the next Finance meeting.

To repeat, the procedure followed here is, the first person to sign the check is the Mayor. It then goes, after the Mayor has signed it, to the City Controller for his signature. After the Controller signs it, it goes out.

Mr. DiNardo:

First the Mayor signs it, then the City Treasurer, and then the City Controller.

Mr. Lynch:

Right, so it should not go back to the Mayor. Under normal procedure, there is no reason the check ought to go back to the Mayor and I would like the City Clerk to direct an inquiry to the City Controller as to the procedure followed with regard to the \$8,500 check to Three Rivers Art Festival. If it needs to be a motion, I will make it; otherwise, I make a simple request, on record, to the City Clerk, to direct that inquiry for Wednesday's Committee meeting, tomorrow afternoon.

The Chair:

It seems the letter should go out over the signature of the Finance Chairman.

Mr. Lynch:

That's alright, but I want the record to show that Council authorizes the City Clerk to direct a letter to the City Controller. I think it is proper from Council to the City Controller, asking him to explain how it is that the Mayor got the check back.

Mr. Michaels:

I would append that by requesting information as to whether or not the Mayor may legally withhold his signature from what has been an action of this Council. It seems to me he is legally bound to perform whatever his responsibility is in making the instrument cashable.

The Chair:

Would you accept that additional appendage?

Mr. Lynch:

I would.

The Mayor has given instructions, I have just been informed, to the City Controller that all checks over one thousand dollars authorized by this Council are to be sent back to him. That

seems an unusual arrangement, so I would like to have the City Controller explain the procedure he uses to handle these funds.

Mr. Michaels:

Since this is an action of the Mayor, maybe the Mayor ought to answer that.

Mr. Lynch:

If you please, that is appropriate, if you want to speak to the Mayor, but I would like to have the Controller speak to that.

Mr. DiNardo:

The Controller will be at tomorrow's Finance meeting.

Mr. Fagan moved

That Mr. DePasquale be excused for absence from this meeting.

Which motion prevailed.

Mr. Lynch moved

That the Minutes of Council, of Monday, May 22, 1972, be approved.

Which motion prevailed.

And on motion of Mr. Caliguiri,

Council adjourned.

Mr. Lynch:

Mr. President, at this morning's private session, concerning the third item on the agenda under 1-021, an ordinance transferring \$35,000 to Code Account No. 1516, C.A. 42 - 2, contingency fund.

I understand that the regulations then in another account will pay for whatever the money is to be used for and the Code Account is authorized for the contingency fund.

Therefore, I would like to ask the City Clerk to direct Mr. Edkins to be present at the Finance Committee on Wednesday, June 7, 1972 to explain what he intends to do with the money. Is it some game he is playing with Council or whether or not it is another piece of trickery in attempting to get money.

So I would like the City Clerk to direct Mr. Edkins to be present at the Finance Committee on Wednesday morning.

MOTIONS AND RESOLUTIONS

The Chair presented

No. 595.

CITY OF PITTSBURGH

Pete Flaherty, Mayor

May 23, 1972

President and Members of Council
510 City-County Building
Pittsburgh, Pennsylvania

Gentlemen:

I am forwarding a resolution for the appointment of William McClung as a member of the City Planning Commission.

Very truly yours,

PETE FLAHERTY

fkn

Which was read, received and filed.

Also,

Bill No. 596. RESOLVED, That the appointment by the Mayor of William McClung of 105 Broadcrest Drive, be and the same is hereby approved and confirmed as a member of the City Planning Commission.

Which was read.

Mr. Michaels:

The proposed appointments of Mr. Willie McClung and Mr. Louis Young to the City Planning Commission make it imperative that I speak out now on a subject which has long concerned me, and which should concern the citizens of this community.

What I must convey is the need to examine appointments made to Commissions and Authorities and the ways in which these bodies operate. This is particularly applicable to developmental type bodies such as City Planning, Urban Redevelopment Authority, Housing, and Parking Authorities, and, to a lesser extent, those involved with public facilities: the Civic Arena and Three Rivers Stadium.

The activities and powers of these organizations have such effects on the social well-being and economic lives of the community that continued passive acceptance of the status quo is unthinkable to me. Although a comprehensive investigation of the entire scene is a huge task, we must begin. And the two appointments in question demand that we begin now.

First, let me say emphatically that I have no quarrel with either of these gentlemen, nor would I cast any doubts on their character or integrity. What I would suggest is that to the best of my knowledge, neither has the background, experience or history of community involvement to be an appropriate choice for City Planning.

I say, "to the best of my knowledge" because City Council's request to the Mayor for resumes' on both men has been ignored.

In the case of City Planning and certain other commissions and authorities, City Council has not only the right but the obligation to reject those appointments which we feel are not in the best interests of the people we represent.

Again, I repeat, I conduct no witch hunt. I look for no scapegoat. It is not my intent to intimidate the many capable private citizens who have rendered and are continuing to render invaluable, unselfish service to our community.

Nevertheless, we must find ways to guarantee that those who serve in positions of responsibility are truly qualified for the roles they are chosen to play. We must also guarantee that they will be chosen for their capabilities as well as the segment of society or neighborhood to which they belong, and their vocational background. There is a need for bi-partisan participation, which in Pittsburgh at this time may really mean the inclusion of those within the Democratic party whose views are not identical to those of the Flaherty administration. There are too many who have served with distinction who have been relegated to obscurity. The loss of their experience is irreparable.

So—where do we go from here?

First, we must establish that when

vacancies are filled, the right people are chosen. And those chosen must be aware that although they are neither elected nor employed by the municipality, they have no less responsibility to the electorate. Their responsibilities are by no means limited to the person by whom they were appointed, but must answer to the whole community. And, they must be given the freedom to operate without having their hands and feet tied. While it is certainly within the rights of any administration to terminate the services of those whose performances are unsatisfactory, dismissals without valid cause are a sure way to guarantee ultimate mediocrity.

Unfortunately, our commissions and authorities continue to operate as they did when they were founded, as separate entities, carrying out their own specific function within rigid boundaries. Communication is lacking between these groups and other organized segments of the community, many of whom should be consulted regularly. The academic and industrial sector of this city have too much to offer to be continually ignored.

The situation is unacceptable. I call for a halt here and now. I will not vote approval for the appointments of Mr. McClung or Mr. Young until such time as their qualifications for the Planning Commission have been demonstrated or their names are withdrawn and others submitted.

City Council, acting in an advise and consent role, cannot make the appointments.

It can only presume that the administration uses due diligence in seeking out the vast talents available in this city. When there is an avowed attempt on the part of the Mayor to ignore this, then we must act accordingly.

The Chair:

The Chair will call the role on the motion to table the nomination of William McClung as a member of the City Planning Commission.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:—

Miss Ballinger	Mr. Lynch
Mr. Caliguiri	Mr. Michaels
Mr. DePasquale	Mr. Shields
Mr. Fagan	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 9. Noes none.

And the vote of Council being unanimous, the nomination of William McClung to the City Planning Commission was tabled.

Also,

No. 597.

CITY OF PITTSBURGH

Pete Flaherty, Mayor

May 23, 1972

President and Members of Council
510 City-County Building
Pittsburgh, Pennsylvania

Gentlemen:

I am forwarding a resolution for the appointment of Louis E. Young as a member of City Planning Commission.

Very truly yours,

PETE FLAHERTY

fkn

Which was read, received and filed.

Also,

Bill No. 598. **RESOLVED**, That the appointment by the Mayor of Louis E. Young of 1145 West Point Avenue, be and the same is hereby approved and confirmed as a member of the City Planning Commission.

Which was read.

Mr. Michaels:

I move that the appointment of Louis E. Young as a member of the City Planning Commission be tabled.

Mr. Lynch:

Seconded the motion.

The Chair:

The Clerk will call the roll on the

motion to table the nomination of Louis E. Young as a member of the City Planning Commission.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:—

Miss Ballinger	Mr. Lynch
Mr. Caliguiri	Mr. Michaels
Mr. DePasquale	Mr. Shields
Mr. Fagan	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 9. Noes none.

And the vote of Council being unanimous, the nomination of Louis E. Young as a member of the City Planning Commission was tabled.

Mr. Caliguiri:

Last night (Sunday, June 4, 1972) I witnessed another unfortunate example of a curtailment of a cultural activity—this time the American Wind Symphony Program. Either through the lack of communications on the part of the Wind Symphony, or the administration, there was no power available down on the symphony barge for them to complete their performance.

In fact, the program was shortened to just 45 minutes, and when the sun went down and the players were no longer able to read their music the performance came to an end. This was unfortunate since approximately 5,000 people came to Point State Park to enjoy a full concert.

Also, \$12,500 has been eliminated from the budget. Council, when it approved the budget for 1972, was assured at that time that there would be some sort of aid to the American Wind Symphony and that the administration would help to maintain the barge, and at least cooperate in the production of these concerts.

We now find that there is no cooperation and that the American Wind Symphony will have to incur the total cost of maintaining the barge. Also, they will have to secure their own electricians to hook up a line to the power source in order to continue their schedule for 1972.

It is possible we may have seen the last concert on last Sunday night. I hope this will not happen because it is an event that we need in Pittsburgh and we want to keep it here.

I also recommend at this time that the Director of the Department of Parks and Recreation, Stephen George, be asked to be present at the committee meetings on Wednesday to tell us whether or not there is going to be cooperation in terms of getting a power source to the barge so that we can at least continue the schedule this year.

And furthermore, I want to know—is there going to be any funds or any help whatsoever for the American Wind Symphony for the coming year of 1973. If not, then Council is going to have to consider, possibly, a grant to the Symphony.

The Chair:

Thank you, Mr. Caliguiri. Your comments are duly noted.

Mr. City Clerk, relative to comment No. 1, will you make sure that Mr. George is available at the Committee meeting on Wednesday. Relative to comment No. 2, he may not be able to answer but I certainly would like to draw it to the attention of the Chairman of Finance.

This is one of things that we had prepared for as a contingency to the budget of 1973. Is that correct, Dick?

Mr. Caliguiri:

Yes.

The Chair:

I understand there are a lot of disgruntled citizens about this. Thank you very much.

Mr. Caliguiri moved

That the Minutes of Council, of Tuesday, May 30, 1972, be approved.

Which motion prevailed.

And on motion of Miss Ballinger,

Council adjourned.

Municipal Record

ONE HUNDRED SEVENTEENTH COUNCIL

LOUIS MASON, Jr.President

LOUIS C. DINARDO.....City Clerk

MICHAEL A. PERRY.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, June 26, 1972

Present:—

Miss Ballinger	Mr. Lynch
Mr. Caliguiri	Mr. Michaels
Mr. DePasquale	Mr. Shields
Mr. Kamyk	Mr. Mason
	(Pres't)

Absent:—Mr. Fagan.

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

Mr. Mason:

Before the presentation of papers, I would like to take the opportunity to express the will of Council on the catastrophe that has hit the State of Pennsylvania and the City of Pitts-

burgh. Council members have been in contact with me as President, both by phone and immediately prior to this meeting, to strongly suggest that we face the emergency situation which is governed in part within the Charter, which indicates that where we have an emergency, there are funds available in the contingent status of our budget which provides and authorizes this Council to negotiate in any way for the removal of debris, overtime payment, or anything else immediately affecting the safety and health of the community.

In that light, Council pledges its co-operation relative to the use of said contingency fund and further pledges it will use whatever resources at its hands to expedite and secure any Federal funds which will relieve our particular area so that we get on with the business of safety, health care, recreation, etc., in the community.

I believe I express much of the sentiment of Council but Council members certainly are welcome to add to my remarks if they are so inclined. Are there any additional remarks from Council on this matter?

Mr. Lynch:

As Chairman of the Committee on Finance, I would like to underscore the willingness of the Finance Committee to cooperate in any effort to alleviate any suffering on the part of our City or component of the City, and I would entertain any request for overtime for emergency sewers or other actions affiliated with this. I would also express my personal gratification with the service of the Pittsburgh Firemen and Police. I think they did a superb job.

Mr. Michaels:

As Chairman of the Public Safety Committee, I would like to extend my personal thanks to the members of the Fire and Police Department who, I know, served in the past weekend and I think we all appreciate it.

Mr. DePasquale:

I would just like to comment and echo the sentiments in regards to this catastrophe.

Mr. Calliguri:

I think we might also add, any cooperation we can give the Governor's office. I am sure they are going around the City to find out what is necessary and we could extend this cooperation to Governor Shapp in his office, that whatever we can do in this end of the State, certainly would be available to them.

Mr. Shields:

I would like to echo the opinions of the other Councilmen. Certainly we are all very gratified at the cooperation and spirit shown under the circumstances.

Miss Ballinger:

Mr. Chairman, may I say, along with the other remarks, don't forget the great job of the American Red Cross and Salvation Army and other organizations of that type who certainly are a big benefit. I had occasion to observe their work in the City of Newark, and when I saw the sand bags getting ready up there, I could only feel compassion for our people here because we had gone through it.

Mr. Mason:

Thank you. Your remarks will be added to the record.

I wonder, Mr. Calliguri, if it would be in keeping with your suggestion that a telegram be immediately dispatched to the Governor to let him know of our deep concern and that any help this Council body can give will be available?

Mr. Calliguri:

I make a motion to that effect.

Mr. Shields:

Mr. President, I would like to ask the indulgence of the President for the purpose of calling for a recess and a caucus of City Council.

Mr. Mason:

Before the presentation of papers?

Mr. Shields:

Yes.

Mr. Mason:

Is there any opposition to Mr. Mr. Shields' request.

Mr. Lynch:

I would like to oppose. I think we ought to continue with the business of the City since we have convened. I don't agree with the notion we ought to recess in private once Council meeting has been opened.

Mr. Mason:

This is not a precedent, Mr. Lynch.

Mr. Lynch:

I merely express my opposition to it.

The Chair ruled for a recess, with one exception.

The Chair:

I would like to give an explanation as to why I voted this way on Bill No. 616. This bill was presented to us in an omnibus form for which certain specific amounts of money will be allocated to certain programs, unbeknown as to how much and where it would be spent.

This does not mean that I am against this program which the Department of Parks and Recreation is trying to enhance, especially since summer is very nearly over, but it means simply this; that in the cover letter of recommendations of this legislation, the architectural design patterns were indicated to include Schenley Park as the site of the Ice Skating Rink.

Gentlemen and Madam, it seems to me that we are engaged in various kinds of gestures of futility. We sat here and said that it should not be in Schenley Park. We sat here and we listened to another side of that case in the particular neighborhood. Now, it seems to me that we are not serving the purpose of the neighborhood who appealed for a public hearing on the matter which is of concern to their individual neighborhood and this particular part of the bill is reprehensive to me. It is reprehensive

to me simply because we entertained the objection and simply because some of the protestants actively indicated that certain numeraries within the administration at that time indicated that this will be the place or no place at all and that the administration was not interested in an appeal.

People from East Liberty and other sections of the City were here for an hour and fifty-five minutes at this hearing, with the people of Hazelwood on their presentation and the East Liberty section and I don't want to come to anything like a confrontation and we are going to pay attention to these people or we are going to be out of Council.

Mr. Michaels:

Mr. Chairman, Mr. Caliguiri's remarks were well taken when he said last Wednesday that he had informed Mr. George, the Director of Parks and Recreation, that he go out into the East End area and investigate all possibilities of available areas and come up with a piece of property that might be available to us for this Ice Skating Rink; something that would at least be available to some of the other communities so that they would have the opportunity to avail themselves of this facility.

Mr. Caliguiri:

I had inquiry from the School Director just recently and I was informed that there possibly would be four (4) acres of ground available on the Great High School site and his letter is now being forwarded to the Planning Department so that they can meet with the architects and see what they can come up with.

to as Penn Central) of Downtown Pittsburgh.

Which was read.

Mr. Caliguiri:

Mr. President, before I cast my vote I would like to say that my first choice is the Mon Plaza Site that has been before us. However, the first priority before us today is whether we want a convention center and this is what I have to address myself to. We must have some location at this point and time, because this same thing has been going on for at least ten (10) years and at this time I am for a location to get a convention center finally.

And, for this reason I hope a difference of opinion would not mean that you are going to stop or try to hold up negotiations for a convention center. We all have a right to our opinions and we have the right to the difference of opinions, certainly. But at some point and time we have to ask ourselves, "do we finally want a convention center" and with this thought in mind, I only hope that we can reach a final agreement so that we can get the convention center started.

Therefore, with this thought in mind, I cast an "aye" vote for the Penn Central site.

Mr. Shields:

Mr. President, I would just like to say in consideration of the convention center site, I have been opposed to the Penn Central site. As you know, I have been in favor of the Melody Tent site for a number of reasons.

First of all, because of the readability of access to land acquisition; secondly, the relative location there and accessibility of reaching the place and the fact that most cities throughout the country these days are building a public site in a complex where buildings complement each other. I am also in favor of the Melody Tent site because it would help to rebuild and redevelop the lower Hill which has been neglected for the last four or five years and which certainly needs attention.

However, I find that I am in the same position as Mr. Caliguiri because I don't want to stop the progress of the building of a convention center here. While it is not my choice, as such, certainly the people want it and for this reason, I will vote "aye."

Mr. DePasquale:

Mr. President, I would like to express my views as those of Mr. Caliguiri and Mr. Shields. I am in favor of the Mon Plaza Site for the same reason that Mr. Shields is in favor of the Melody Tent Site, and that being for the redevelopment of the South Side area. Like the lower Hill District, the South Side has been neglected for many years and I think a convention center at the Mon Plaza Site would have been very advantageous to the people of that area.

But, rather than to vote "no", and the people do want a convention center, I decided to go along with the Penn Central Site and vote "aye."

The Chair:

Thank you gentlemen, for your comments.

MOTIONS AND RESOLUTIONS

The Chair presented

Bill No. 720. WHEREAS, on the

23rd day of June, 1972 the President declared a "major disaster" in the State of Pennsylvania, and

WHEREAS, the City of Pittsburgh is a public entity within said state, and

WHEREAS, Federal financial assistance and flood relief is available from the U.S. Department of Housing and Urban Development, Small Business Administration, the Office of Emergency Preparedness and other Federal agencies.

BE IT RESOLVED, That the Mayor of the City of Pittsburgh is hereby authorized to execute for and in behalf of the City of Pittsburgh the applications for the purpose of obtaining flood relief, financial assistance, flood insurance, damages and other available programs for flood relief and to file said applications in the appropriate federal and state offices applicable thereto.

Which was read.

Mr. Shields:

Mr. President, this resolution seems to be somewhat belated, considering the administration's concern for the welfare, convenience and safety of the many citizens of the City of Pittsburgh. It's kind of like closing the barn door after the horse has been stolen, since we could have and the City administration, made application to the Federal Government for aid for the flood victims.

Also, the Mayor could have encouraged people to buy Flood Insurance which is available at a very minimal cost of something like \$60.00 per year which would have covered some of the loss of the people affected by the flood disaster.

Mr. Shields moved

The adoption of the resolution.

Which motion prevailed.

Mr. Calliguri:

Also along these lines, Mr. President, I think we should get in on this before anything like this may occur again. I would also recommend that we

have the National Guard from Pittsburgh, instead of going to summer camp, remain in the City to assist in the cleaning up of the City in any way that they can. I think we should request this from the State, that there be no summer camp for the National Guard from this area. I believe there are about two or three hundred men that would qualify that we could keep here, and I think this should be referred to the Governor's Office.

Mr. President, I would like to put that in the form of a motion.

Which motion prevailed.

Mr. Lynch moved

That the Minutes of Council, of Monday, June 26, 1972, be approved.

Which motion prevailed.

Mr. Kamyk moved

That this meeting of Council be recessed until Friday, July 7, 1972, at 10:00 o'clock, A.M.

Which motion prevailed.

And Council recessed.

— — — — —
Pittsburgh, Pa.,

Mr. DePasquale	Mr. Michaels

Mr. Kamyk:

Mr. President, I rise to comment about Bill No. 696. That's the bill that provides and authorizes the City to sell the property at Liberty Avenue, the former General Motors Building, to Duquesne Light Company for \$500,000. Since the introduction of the bill, a lot of doubts were created in my mind, especially when I read in the news media that there was hesitancy as far as some of the City officials were concerned. I don't like the hesitancy part. I want them to be certain they don't need the building any more and if they don't need it it can be sold and if it is needed, it should be kept. Therefore, in order to give the bill further scrutiny and consideration, I move it be recommitted to the Committee on Lands and Buildings.

Which motion prevailed.

Also,

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

I move the suspension of Rule 8 providing for the mailing of printed copies of all ordinances and resolutions to each member of Council at least 48 hours previous to their consideration by Council after the return of such papers from Committee.

Which motion prevailed.

Mr. Lynch:

I'm not clear. That \$100,000 will come out of the contingency fund and go to the Police Pension fund. Now, has any provision been made to return the \$100,000 to the contingency fund if and when the State gets the money back?

Mr. Mason:

I thought it was automatic.

MOTIONS AND RESOLUTIONS

Mr. Lynch presented

Bill No. 812. **RESOLVED**, That the Council of the City of Pittsburgh hereby approves the collective bargaining Memorandum of Agreement dated June 30, 1972, between the Fraternal Order of Police Fort Pitt Lodge No. 1 and the City of Pittsburgh.

Which was read.

Mr. Mason:

The Chair would like to exercise its privilege in commenting on this agreement.

This agreement was drawn some two to three, or maybe four weeks ago and was released to the press as a bonafide agreement subsequently. I'd like to point out to my colleagues in Council that Council has a Labor Sub-committee composed of Mr. Fagan, Mr. DePasquale, and

myself. At no time was Council or any of its members, either at large or of the Sub-committee, apprised of the nature of this agreement until we read it in the newspapers. The most important point is, not one member of Council or of the Labor Sub-committee was involved in these negotiations.

I would also like to point out that the position of Council last year, and this year, has been certainly upheld by the Commonwealth Court in Harrisburg. It seems to me that what has been said in the Zoological decision of the Court and what has been said in Commonwealth Court is clear, that the City is composed of the Mayor and City Council and that the Mayor is not the City, per se. I consider it a personal affront to this City Council to be placed in a position to have to pass this resolution in order to prevent from going to arbitration. I want that for the record.

Any other comments?

Mr. Michaels:

I agree entirely with what you say, Mr. President, but I would like to take it a step further. Should Council determine that the agreement reached between the bargaining agent, the FOP in this case, and the Mayor's people, was unsatisfactory, its choice then would be to not pass this resolution today, which then would allow it to go to arbitration. In arbitration, the representative for the City of Pittsburgh would once again be the Mayor and the Mayor's staff. It seems, then, Council entirely loses its role in negotiations and the only way it could play its role would be to participate in the first instance in the negotiation procedure. The only way that can happen is if the Mayor recognizes the Labor Sub-committee or appoints somebody from Council to serve on the City's negotiating team. His failure to do so removes whatever posture City Council can demonstrate initially and we wind up being in the position with the resolution being placed before us with no latitude whatsoever. While I will vote for this resolution today, since it seems like the only thing open to me, I am disappointed with the way it has been handled by the Administration.

Mr. Lynch moved

The adoption of the resolution.

Which motion prevailed.

Mr. Shields presented

Bill No. 813. Whereas, it has pleased Almighty God, in his infinite wisdom, to have removed from our midst, by death, Dr. Alma Illery, founder of Camp Achievement and the Achievement Clubs of America, and

Whereas, her death has brought great sorrow to the hearts of her relatives, friends, acquaintances and recipients of her charitable efforts, and has cast gloom upon the entire community extending far beyond the boundaries of Pittsburgh, and

Whereas, Dr. Illery demonstrated boundless vision and foresight in her fight to dignify black leadership and to eliminate racial and religious prejudice by the simple expedient of working with and helping all people in an aggressive and constructive manner, and

Whereas, Dr. Illery achieved national recognition for her efforts in establishing George Washington Carver Day.

Whereas, the members of City Council who knew about and joined her in civic and charitable pursuits, appreciative of her untiring energy and self-sacrificing dedication to the needs of humanity, desire to formally record upon the official minutes of the Council of the City of Pittsburgh a lasting tribute to the memory of this outstanding citizen.

Therefore, be it

RESOLVED, That the Mayor and the members of the Council of the City of Pittsburgh do hereby express their grief and sorrow over the death of Dr. Alma Illery; and be it further

RESOLVED, That the Mayor and the members of the Council of the City of Pittsburgh extend their sincere sympathy to the bereaved family; that this resolution be spread upon the minutes of Council, and that a copy be forwarded to her family.

Which was read.

Mr. Shields moved

The adoption of the resolution.

Which motion prevailed.

Mr. President, we have quite a problem on the City Planning Commission by reason of an inability to gain a quorum. We have before us two bills calling for appointments of William McClung and Mr. Young. Ayes 7. Noes One.

(Mr. Michaels voting "No").

And a majority of the votes of Council being in the affirmative, the appointment of Mr. Young was approved.

Mr. Michaels:

On June 5, I called upon the

Flaherty Administration to choose only the most qualified people to serve on governmental and quasi-governmental boards. I pointed out that his appointments and dismissals had not been in the best interests of the people of Pittsburgh.

Because the situation has not improved and may, in fact, have deteriorated, I call on the Administration again, this time with specific recommendations on what the makeup of the City Planning Commission should be and what individual qualities should be sought from those appointed.

If, as it appears, we are to use commission appointments as rewards for community service or political loyalty, then let's stop fooling ourselves. Let's acknowledge that the participant's roles are ceremonial, not actual. Let's make the commission simply a repository for people of good works and right politics. And let's divorce it officially from the City Planning decision making process!

I say this not with tongue-in-cheek, but with full realization of the far reaching impact of City Planning decisions and recommendations on every aspect of community life: economics, redevelopment, relocation, education, environment, architecture, recreation, transportation—and on through the whole gamut. These are areas in which one does not become knowledgeable by accident. Without specific education and experience good intentions alone cannot produce results.

City Planning is unique in that it is an official commission within city government which uses the talents of private citizens—talents which ordinarily would not be available to government. It is the responsibility of City Planning Commission members to provide direction and advice to the professional staff, not the reverse.

So, who should be chosen? People whose training and experience spans the relevant professional disciplines. People who are well versed in several areas and familiar with the others. We need hard experience in architecture, engineering, education, sociology, business, banking, law, real estate, psychology, and public health. Moreover, in a city as diverse as ours, we ought to be able to

get this professional cross section and still have adequate ethnic, racial and geographic representation.

Mr. Kamyk moved

That Mr. DePasquale be excused for absence from this meeting.

Which motion prevailed.

Mr. Michaels:

I wish to make part of the record a letter sent to the Mayor on July 31, 1972, over my signature, which reads as follows:

Miss Ballinger:

Mr. Chairman, would you direct the City Clerk to write a letter to Churchill Kohlman, Executive Director of the Housing Authority of the City of Pittsburgh, asking him to explain the reason for not awarding the contract to the lowest bidder on the Glen-Hazel Project work. I would like to have a written report as soon as possible.

Mr. DePasquale:

Mr. Chairman, I would like to commend the Parking Lot Attendants and the Parking Lot Owners for reaching an agreement to settle their wage dispute after only three days of negotiations. Mr. Gardner, of the union, and Mr. Stabile, of the lot owners, have acted in the best interest of the many Pittsburghers who use parking facilities.

The Mayor stated the other day that the 20% Pittsburgh Parking Tax is the fairest and lowest in the United States. The Pittsburgh Press survey shows that no other city has the tax, with the exception of Philadelphia—and theirs is

only 10% or half of the parking tax we impose.

I would like to go on record stating that I will do my utmost to adjust this Tax in order to give the Parking Lot owners some relief.

The Chair:

I concur with Mr. DePasquale's remarks and would like to add that the Mayor and his staff should have taken some steps to bring the two factions together and try to solve the problem, instead of conducting a namecalling tirade at the owners whom he called "Special Interest Group" and also calling the strike a "Shutout" and "Sweetheart Contract." I am happy that the strike has ended.

Mr. Fagan moved

Which motion prevailed.

And Council recessed.

— — — — —

And the hour of recess having expired, Council reconvened.

To adjourn this meeting of Council.

Which motion prevailed.

Miss Ballinger:

Mr. Chairman, I want to make a statement for the record regarding and relative to the bid that was given to the Ryan Homes people by the Pittsburgh Housing Authority. I received a two or three page reply and I am not satisfied with the investigation or with Mr. Churchill Kohlman's actions on this. In his letter he states, "Regarding your letter of August 23rd, we would like to call your attention that the Housing Authority asked for and received no bids and has awarded no contracts. We simply named Ryan Homes as the low-rise developer so that an effort can be made which would move in the direction of final approval and hopefully, a final contract down the road. As you know there was a clause in Lhormer's proposal (which our board had in its hands at the time they made its decision) which made it impossible to consider his proposal," etc.

Now, Mr. Kohlman says that they, the Housing Authority, did not award the contract to the Ryan Homes but they did because I have here a clipping from the newspaper which states that the Fifteen Million Dollar contract was awarded to Ryan Homes and they were not the low bidder. The Lhormer Real Estate Agency was the lowest bidder and they did not get the contract. I have here a 150 page reply from the Lhormer Real Estate with diagrams and maps and everything as compared to the two page letter from Mr. Kohlman.

I would like to ask that City Council hold a public hearing on this so that we can find out why the bid went to Ryan Homes Company. In the paper yesterday it says, "Ryan Homes awarded Glen Hazel 195 Housing Unit and the housing authorized will be built by the Ryan Homes Company."

The Chair:

Miss Ballinger, while your testimony is well taken, I think you are out of order. I'm afraid it would come under another faction and that would be under the public hearings. Whenever that hearing is scheduled that's when you will present your testimony.

Miss Ballinger:

Before I sit down, Mr. Chairman, I would like to welcome you back from the hospital and I am glad to see you doing so well.

The Chair:

Thank you, Miss Ballinger.

Mr. Michaels:

Mr. Chairman, I, along with Miss Ballinger, also want to welcome you back from the hospital.

Now, on a point of information that we have received, we haven't had an opportunity to discuss, nor did the administration disclose what they are doing about two very serious problems that the City faces, namely, the East Street Valley project and rapid transit. I would venture to say that these problems are more important, I believe, than what was in the introduction of a six year development program.

All things considered, I can't really determine whether or not the making of that document is purely a public relations document submitted for the benefit of the Flaherty administration or whether truly they don't know what are the significant issues.

I think it will appear on East Street that what they have implemented in that document does not represent a section of Pittsburgh and according to the information contained in that document, the administration's plan does not even mention East Street, so obviously it does not intend to cope with the East Street problem for the next few years. We certainly have to recognize the development expense behind this and I think the planners ought to come forth just as soon as possible and discuss the most recent moratorium established by the

Mayor or the attitude of the Pennsylvania Department of Transportation and see if they want to ameliorate the plight of the people of the East Street Valley and the people up there on the slope area.

Since it appears that the state and Federal governments cannot help the people on the slopes, then it becomes the responsibility of the City to do so. This six year development program should contain money to relocate these families if no such help is forthcoming from the state and federal governments. We know full well that these people will continue to suffer and that nothing will be done if the City does not take the initiative and we must take the lead in alleviating the plight of some 500 families on the slopes of the East Street Valley, even if it means spending fifteen million dollars in City money to relocate them.

We talk about improving the quality of life in the City of Pittsburgh. The quality of life should be improved and we can do that by dealing with these problems. In the document the Mayor talks about problems. I know the problems but what is the solution. I believe that City Council ought to consider the problem of East Street before considering other problems relatively unimportant to the life style of all of us.

Second of all, it talks about a six year development program but it says nothing about mass transit.

I think this should also be discussed

and I would ask Council to call together state and federal officials for another hearing on the East Street problem to determine what role the City must assume in finding a solution.

The Chair:

Mr. Michaels, if I am correct, the report was not delivered to members of City Council until Friday afternoon about a quarter to three. The difficulty is that we have not had a chance to read it, at least I didn't come to the office. I suppose some of you have had a chance to read it. Your remarks are well taken, Mr. Michaels and just as soon as I can, I will read the report.

Mr. Michaels:

Mr. Chairman, if you wish to defer action on my recommendation—

The Chair:

I don't wish to defer action, I am only making an observation.

Mr. DePasquale moved

That this meeting of Council adjourn with a moment of silent prayer in memory of those members of the Israeli Olympic Team who were assassinated by criminals and savages.

Which motion prevailed.

And Council adjourned.

Which was read.

Mr. Michaels:

I would like to speak to the bill. This bill, which involves \$2 million in neighborhood housing development projects is one which will require a cooperation agreement between the City of Pittsburgh and URA and by the City of Pittsburgh, we of course know that is both the Mayor and City Council. I am apprehensive of this bill. While I agree entirely in principle, the fact is it lends certain responsibility on Council without any authority.

I wish to remind everybody that on September 12, we received from the Executive Director of URA the bill of particulars as to exactly what they intend to do in presenting this kind of program for the benefit of the City. We

all recognize a \$2 million program was not formulated in some two weeks but required some long range planning on the part of the staff of the Authority and during this long range planning, I don't believe City Council was properly notified nor consulted in an agreement to which we certainly would be a party.

I would like to remind the Administration, the Urban Redevelopment Authority and remind ourselves, in the old days, I think we could look always back talking of old days, but not too long ago, the director and acting director and other representatives were extensively involved in the planning process. Now, we only receive the final work of the Authority and its staff which doesn't allow us to have any input during the period of formulation so that we are sort of in a position at the end where we have not much option but to agree to the plan in total because we recognize it certainly has positive planning for the City of Pittsburgh.

Yet, there seems to be no input from Council although we must assume a responsibility. When we get that responsibility, then we must respond to the neighborhoods coming in wanting to know what's going on and why it's being done that way, and all the other questions they ask.

Also, I am concerned that the URA Board has been established which includes two employees of the Mayor and some public members, some of whom are well known to us and some not known, or scarcely known to us at all. If they're not known to we members of Council, they're certainly not known to the community at large and this is a problem. At one time, there were members of Council on the URA Board and I say, if we're into this cooperation agreement then either both members of the Mayor's staff and members of this Council should be with Urban Redevelopment Authority or, if we decide the Board shall be an outside Authority, let all members come from outside City government and elected officials or staff members. Then we'll know there will not be any economic sanctions for any member of that Board if he doesn't choose to carry out the Mayor's bidding. We have seen the URA Board work in

the political arena exactly the opposite to the wishes of this Council and yet they come back and ask for a cooperation agreement.

I would like to know why this was brought before Council a short three weeks ago with programs that encompass practically every member of Pittsburgh. There are two members of the Mayor's office on this Board. Perhaps there was a need for a moment to make quick appointments but since they are directly under his supervision, it seems to me he should look around and take his two cabinet members' positions and have them removed from that Board.

I think these are the kinds of questions Council has to ask. I think, parenthetically, I am not against it, but I think it is a proper time to bring up these issues.

Also,

Bill No. 963. WHEREAS, as of May 22, 1972, the Department of Community Affairs has adopted Regulations for the State Urban Redevelopment Assistance Program regulating the application of capital grants to redevelopment authorities to implement the Urban Redevelopment Law of 1945 and the Housing and Redevelopment Assistance Law of 1955; and

WHEREAS, the Regulations provide for the use by authorities of Certificates of Compliance in order to minimize documentation and submission requirements; and

WHEREAS, the Urban Redevelopment Authority of Pittsburgh is undertaking a program under the Neighborhood Housing Fund for the creation of new housing within all Wards of the City of Pittsburgh; and

WHEREAS, the Regulations require the formal adoption by the Council of the City of Pittsburgh of the requirements of the Certificate of Compliance to be filed by the Authority.

NOW, THEREFORE, be it resolved that the Council of the City of Pittsburgh adopts the requirements for the Certificate of Compliance as set forth in the Regulations issued by the De-

partment of Community Affairs of the Commonwealth of Pennsylvania and authorizes the Urban Redevelopment Authority of Pittsburgh to file such Certificate with the Department of Community Affairs in respect to the program being undertaken under the Neighborhood Housing Fund. Said requirements for the Certificate of Compliance are as follows in respect to the Neighborhood Housing Fund:

1. Studies by local professionals and/or consultants, which are on file in the offices of the authority, have shown to the authority's satisfaction that:
 - a. The relocation of individuals, families, businesses and nonprofit corporations, into standard relocation facilities which they can afford is feasible and will be carried out in accordance with all appropriate state law and according to federal (HUD) relocation regulations;
 - b. The sale of cleared land for the use(s) and under the controls specified in the redevelopment proposal is both desirable and feasible.
 - c. All cost estimates leading to a net project cost are reasonable.
2. The Authority, in administering the project, will abide by all applicable laws and regulations.
3. The authority will fully enforce all laws and regulations regarding non-discrimination on the bases of age, race, color, religion, national origin and sex.
4. The authority will actively seek to eliminate all forms of environmental pollution, using all powers at its disposal, in conducting the project.
5. The authority acknowledges that the Department's decisions regarding ineligible costs will be final.
6. The authority recognizes that failure to abide by the appropriate regulations, or false statements herein, will result in the Department's refusal to participate in some or all of the project costs, and may result in criminal prosecution.

Yes, I read it.

Mr. President, I would like Mr. DePasquale to clearly understand that I think every Councilman is in a position to speak for himself regarding the editorial and I prefer to speak for myself.

The editorial is duly noted for the record and in this case we will respond individually. As I said, I did read it.

MOTIONS AND RESOLUTIONS

Mr. Caliguiri:

Mr. President:

Since our last meeting this past

Wednesday, in discussing once again the Flower Show, it is certainly Council's intention that the Flower Show be held in Phipps Conservatory, because as you know, you cannot put on the type of Flower Show that has been held in the past down in City Hall.

I have been checking these last couple of days and I find that there is not enough time to put on the Flower Show that is normally held in Phipps Conservatory, back into Phipps Conservatory. Therefore, at least we want to see some type of Flower Show.

Since Wednesday, I have also found out that the parking problems exist and there is some controversy as to whether or not there is going to be free parking or whether there is going to be any parking at all, in the downtown Pittsburgh. I have also found out that there has been at least 10,000 Mums grown out in Phipps Conservatory and I think downstairs can only facilitate something like 4,000 and it may very well be that those Mums brought in from Phipps Conservatory may put on something that looks like a Flower Show.

Once again I say, and I am not against it, but the people are going to be cheated out of the normal type of Flower Show that we have known in the past.

So, with these comments, I would like to introduce this resolution.

Mr. Caliguiri presented

Bill No. 1067. WHEREAS, the Annual Flower Show of the City of Pittsburgh is to be held in the Lobby of the City-County Building at an additional cost and inconvenience to the taxpayers of the City; and

WHEREAS, the Council of the City of Pittsburgh has enacted several pieces of legislation in the recent past to rehabilitate and further beautify Phipps Conservatory, which expenditures were necessary for the enhancement and service of the thousands of citizens who love and enjoy the beauty of the Flower Shows; and

WHEREAS, the technical and engi-

neering perfection that is necessary for the heating and lighting so that each plant is shown at peak perfection in growth and color is commonplace at Phipps Conservatory.

TEREFORE, BE IT

RESOLVED, that it is the desire of the Council of the City of Pittsburgh that the City of Pittsburgh Annual Flower Show, beginning with the Spring of 1973, again be exhibited at Phipps Conservatory.

Which was read.

Mr. Caliguiri moved

That the resolution be adopted.

Mr. DePasquale

Seconded the motion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:—

Miss Ballinger	Mr. Kamyk
Mr. Caliguiri	Mr. Lynch
Mr. DePasquale	Mr. Michaels
Mr. Fagan	Mr. Mason
	(Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill was adopted.

Mr. Kamyk moved

That Mr. Shields be excused from absence at this meeting.

Which motion prevailed.

Mr. DePasquale moved

That this meeting be adjourned and the next legislative meeting of Council be on Tuesday, October 24, 1972 at 2 o'clock, P.M. (D.S.T.).

An Ordinance entitled, "An Ordinance amending and supplementing Section 2 and Section 3 of Ordinance #335, entitled, 'An Ordinance regulating the use and operation of vehicles on the streets of the City of Pittsburgh and providing penalties for the violation thereof,' approved October 3, 1922, as amended and supplemented."

Which was read.

Mr. Michaels:

Mr. President, might we have a clarification of what a vote "AYE" indicates?

Mr. Mason:

The Chairman of the Committee reported this out as a negative recommendation. If we vote, "Yes," then we're voting for the negative recommendation. If we vote "No," we're voting against the negative recommendation. In other words, the recommendation of the Chairman was, "No," and if we vote "Yes," we're supporting his negative recommendation.

Mr. Shields:

Mr. President, if I may, with your indulgence and with the indulgence of my colleagues, I would like to make a statement before any vote is cast, if I am permitted,

My intention is to vote, "No." I'm in favor of the one-way traffic system we have, the same way I voted in Committee, and I feel the same way today. The reason I asked for the opportunity to speak before the final vote is taken is just, again, to express my feelings about it. We have been concerned about mass transit and rapid transit and yet, nothing has been done. We are involved in legal and political matters that have held it up, but this has been just a small effort in that direction and it does offer, in my estimation, some improvement. There is faster flow of traffic on Forbes and on Fifth Avenue. It has been bottlenecked at times, I realize that, and I think it will continue to be bottlenecked because of the nature of our traffic flow during heavy traffic hours.

In spite of that, in the brief 120-day period of trial, we must realize, and I urge my colleagues to think about the fact, that trial period was greatly hampered by repair and street improvement made on both streets at the time of the trial period. I realize that it has been an inconvenience to some people, to a few people. I'm sure the elderly have been inconvenienced; I'm sure the residents of Oakland have been inconvenienced. On the other hand, what great, major effort, or any effort for change, has been made without inconvenience to a few which sometimes we must balance against the general good to the people by reason of the change.

Information has come to me to the effect that many of the merchants, and I think it is obvious from correspondence I have received, that many of the merchants had form letters printed, and had people's signatures who perhaps didn't even know what they were signing. Add that to the general feeling that those who are anti are generally more vocal than those who are for. We have heard certainly from those who were opposed to the one-way system and are just beginning to hear in number from those who are for the present one-way system.

These things, I think, ought to be taken into consideration and I would firmly suggest, not a motion but a suggestion, that this matter deserves further study, deserves further considera-

tion, and that it might be best to send it back to committee.

Mr. DePasquale:

Mr. President, as a resident of the area, I have to say during the testing period, for the most part of it, the students of Pitt and Carnegie Mellon and the other schools were out, during June, July and August and most of September and even then, the traffic did not flow too freely. Since the students are back in school, it is impossible. We are not concerned with the merchants of Oakland, although certainly they are in our thoughts. It is the residents of the area who are inconvenienced and the buses and traffic coming on to Forbes and Fifth Avenues and when you have signatures of 2,000 such residents of the Uptown area, you know it was they who were inconvenienced.

I personally received only two letters in regards to retaining the one-way pattern: one from Fisher Scientific, located Uptown, and the other from Childrens Hospital and I understand Mr. Fisher is either Chairman of that Board or is on the board. I received no other letters and no calls. Since we have voted on the two-way street, some people have voiced the opinion that they thought we should continue the one-way pattern but overwhelmingly the mail and calls were for the two-way street.

Mr. Lynch:

In addition to the mail, we have testimony from responsible neighborhood groups, one the Public Safety Committee of Model Cities, testifying that the neighborhood groups involved here are strongly in favor of the two-way street. While it is true we are dealing with the interests of a few people, those are the people who elected us to serve their interests. It seems clear the people in the City of Pittsburgh prefer this to be a two-way street, in addition to which a two-way street on those streets will continue to preserve the traditional neighborhoods along those streets.

I won't argue that ultimately mass transit or rapid transit at some future date may call for a realignment of these streets, but that the two major

eastbound arteries being one way is in any way conducive for an effective mass transit system does not necessarily follow and therefore I remain convinced to support the motion would be a responsible vote.

Mr. Michaels:

Since our committee meeting on this subject last week, I have had further phone calls and correspondence concerning this matter. I think we are all aware of the statement by the District Engineer for PennDot as to the gravity of this situation as it applies to the new bridge from the South Side to Forbes and Fifth Avenues. If you recall, last week I spoke to that problem and said I don't believe going back to the two-way operation of Forbes and Fifth Avenues would necessarily correct the problem nor, in fact, did the one-way trial correct the problem. I think we have a situation of a heavy, walking population in a very densely populated neighborhood in the Oakland area that is further plagued by a lot of motorists going through it to get to other parts of the City. Oakland is not the point of origin or designation but in trying to get to East Liberty or Shadyside, go through the Oakland area.

Opposition to the two-way operation in the mail did not come from residents, but people who use these arteries as a method of getting from one end of the City to the other. I would hope we would give this some long range thinking. The Pennsylvania Transportation Department treats Pittsburgh as a stepchild. They have a responsibility for the bridge and a responsibility as to where that traffic flows on to. What we have to talk about is a bypass road so that coming off the Parkway and the Boulevard of the Allies and the 22nd Street Bridge they bypass Oakland to get to Shadyside and East Liberty, which is the objective of the people crowding that Oakland area and until that is done, I see no reason why the residents ought not to have what they wish—the two-way operation.

And on the question, "Shall the negative recommendation be agreed to?"

The ayes and noes were taken, according to law, and were:

Ayes:—

Miss Ballinger	Mr. Lynch
Mr. Caliguiri	Mr. Michaels
Mr. DePasquale	Mr. Mason

MOTIONS AND RESOLUTIONS

Mr. Caliguiri:

Mr. President, in the past several weeks, a couple of our corporations in the City of Pittsburgh have indicated they might go out of business or sell their businesses. I'm talking about Duquesne Brewery and J&L, etc. Some overtures have been made to them by elected officials and other governmental agencies trying to keep these businesses in the City. I would like to make a motion that City Council stands ready and willing to try and help them continue to keep their firms here in the City and that a committee be formed that all of us can serve on to meet with these people and see if there is anything we can do prior to them leaving or selling their businesses. We must give them some incentive to stay in Pittsburgh. We are dealing with about 500 Duquesne Brewery employees and maybe ten times more with J&L.

I believe it is incumbent upon all of us here and all concerned, that we try to do something along with other officials to show that City Council is ready to try and work out solutions to keep them in Pittsburgh. Perhaps the committee, by letter, could indicate to the company officials we will meet with them in City Council or at their plants, talk with them, find out what their concerns are, and see if there is anything we can possibly do to keep them here in Pittsburgh.

I move that the motion be approved by Council that a committee be established to approach all firms, such as Duquesne Brewery and J&L, that are in jeopardy of leaving or going out of business in Pittsburgh to give them all

the assistance necessary to continue their existence in Pittsburgh which will ultimately keep our people working.

Which motion prevailed.

Mr. Mason:

It seems to me that elected officials belatedly have joined the hue and cry of what we're losing. No one said anything with any elected official at the time it happened, when J&L laid off 4,300, summer before last. This, to me, is a crime. Now, we're getting ready to lose Allis Chalmers, Isaly's is being

bought, and Duquesne Brewery, and I think we must, because each of them has a bonafide contract with labor organizations, also include labor organization representatives in such meetings.

Mr. Fagan moved

That the Minutes of Monday, October 30, 1972, be approved.

Which motion prevailed.

And on motion of Mr. DePasquale,

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Michaels:

Mr. President, I would like to bring to the attention of this Council, what I believe is a deficiency in City law, which does not allow City Council to enter into contracts on its own.

As you know, when we establish the budget each year, we establish certain funds for the use of Council. However, the use of those funds, which amounts to \$1500 I believe, may not be done unless it passes the approval of the Chief Administrator of the City which would be the Mayor. Now, we may override that veto on his part or we may not, depending on how many votes come out. It also, in certain instances, while entering into a contract might be to the advantage of the City, if the Mayor does not deem it so, he need not then execute it. I believe this is a deficiency in the law. There are ordinances on the books which could be changed by this Council that would turn that around.

It seems to me that we ought to have the City Solicitor appear before Council to explain the law as it presently exists and what remedy City Council might take to change it. After all, we are aware that the Mayor does not communicate with us on a regular basis and there is no reason to believe that he might agree with us with regard to certain contracts that we would enter into on our own. So, therefore, if Council is to take the position of leadership for the City, we ought to be prepared to move on our own contracts.

Also, it has come to my attention that the preparation of legislation with the cooperation of the Solicitor's office does not come about as easily as the preparation of legislation by the various department heads. That ought to be remedied and there ought to be either the City Solicitor himself or a member of his staff whom any Councilman may go to for consultation in regard to legislation and get a proper reply. I don't think replies come as promptly to us as they do to various members of the Administration. I then ask that the Solicitor be asked to appear before us on Wednesday and generally describe these laws as they apply to contracts with the

City of Pittsburgh and by what remedy City Council can change them.

I would be glad to hear any other comments that any Councilman would like to make and if so, I think it would be proper at this time.

The Chair:

This will be duly noted Mr. Michaels, and the City Clerk will take the proper action.

Are there any other motions and resolutions?

Mr. Calliguri:

Mr. President, this past week we have had some information before us relative to the asphalt program and the possibility that there may have been asphalt laid in our City streets of an inferior quality and also the possibility of asphalt being laid in adverse weather conditions.

I would recommend to City Council that a letter be directed to Mr. Edkins, Department of Public Works and also to Richard Hyde who is in charge of our testing laboratory; that they bring the necessary records of asphalt quality tests; also records showing times that they have worked and under what weather conditions that they laid this asphalt; also, the records of Mr. Edkins as to the cost per ton laid in asphalt this year. We have been asking for these papers and we have silently come to the end of our season and I would like to know how much it is costing to lay our asphalt.

I would ask that these gentlemen be present here on Wednesday morning at our Finance Committee session and I would like to see these letters out this afternoon.

Which motion prevailed.

The Chair:

Mr. City Clerk will you duly notify said parties to be present at our Finance Committee meeting on Wednesday morning.

Mr. Calliguri:

The second motion that I would

like to make is the follow up of last week's motion that the City look into or investigate corporations that are leaving or who are having problems in the City of Pittsburgh. We know that this past week, J & L has been having problems. I have been in touch with the union leader at the Hazelwood plant.

I would like a letter drafted by Council to both John DeFazio and the Board Chairman of J & L by inviting them here or that a committee from Council go to their plant or offices to sit down with them to determine just what the difficulties are and whether or not Council can, in any way, help with this problem of lay-offs that is now occurring at J & L Pittsburgh works.

I think a committee should be formed to do this.

The Chair:

Mr. Calliguri, would you serve as Chairman of that committee along with Mr. Lynch and Mr. Michaels.

Mr. Calliguri:

I would be happy to, Mr. President.

Mr. Lynch moved

That Mr. Fagan be excused for absence from this meeting.

Which motion prevailed.

And on motion of Mr. Lynch,

Council adjourned.

Mr. Lynch:

Mr. President, I recognize there are a number of interested citizens present today that are involved with the Police Widow's Pension Fund. I might point out, Council was pleased to effect a bill which is progressive in nature and long overdue in coming to solve a grave social and economic problem for widows of people who have served the City so long and so well. However, it should be made clear that this bill does not become effective until January first. As I understand it, the women affected are out of money today. There is nothing the City do to solve that demand. I know a three-month period is going to be difficult. However, this is a self-liquidating fund.

I am pleased we are able to pass the bill today.

MOTIONS & RESOLUTIONS

Mr. DePasquale:

I wanted to echo the sentiments of Councilman Lynch and the rest of Council. One other fact was brought out and I must confess ignorance of the fact that the firemen's widows only receive \$30 a month and I was shocked. Maybe \$100 a month is not enough but it is better than it was. Also, from these beautiful women, we have received several letters, all in very good taste and appropriate. Since I have been a Councilman almost a year, it was the finest response we have received and I am glad to be part of this Council to have done such a humane thing for some wonderful people.

Mr. Lynch moved

That Miss Ballinger be excused for absence from this meeting.

Which motion prevailed.

Mr. Kamyk moved

That the Minutes of Council, of Monday, November 6, 1972 and Monday, November 13, 1972, be approved.

Which motion prevailed.

And on motion of Mr. Fagan,
Council adjourned.

MOTIONS AND RESOLUTIONS

Miss Ballinger:

Mr. Chairman, I just wanted to suggest that inasmuch as the case of the Mass Rapid Transit is coming before the Supreme Court on Wednesday, whether it would be worth while for this Council to issue a statement to again reaffirm its position; how necessary it is for this City to have that rapid transit.

Inasmuch as so many organizations have now gotten behind this great project, I wanted to bring this suggestion to City Council and wonder whether or not it was worth deliberating on.

The Chair:

That's a timely remark but untimely as to Motions and Resolutions.

This properly belongs in a caucus in Council which I am prepared to call at 9:15 on Wednesday morning.

Mr. Michaels:

Mr. President, I concur with Councilwoman Ballinger. There is a resolution before this Council. It is a matter of record and I believe if Miss Ballinger wishes to make reference to that earlier resolution, I join with her in making that statement here today and there is no need for a caucus in my opinion.

Miss Ballinger:

But I think perhaps again it should be presented.

The Chair:

Pardon me, may I ask the gentleman who just supplemented your remarks, the solution to which you refer Mr. Michaels, can you state this as being the Early Action Program?

Mr. Michaels:

Yes. There is a resolution on the rolls of this Council which points out that we support the Early Action Program.

The Chair:

There is no question about that.

Mr. Michaels:

Okay. So if Miss Ballinger wishes once again to bring to the public's attention the attitude of this Council, then I join her in reminding the community of our action and the resolution of that date.

Could the Clerk extract that from the records.

The Chair:

There is no problem in extracting it. I thought you were talking about the resolution subsequent to the action of this Council.

Miss Ballinger:

Mr. President, I move that, that resolution should be reaffirmed.

The Chair:

I would like to suggest that certainly in light of a reminder by the City Clerk, we submitted said resolution in Philadelphia Court and we subsequently signed another resolution which will be offered in evidence at the Supreme Court hearing in Philadelphia on Wednesday. It is only a reiteration of what we have already done.

Mr. Michaels:

Could the Clerk read that into the minutes today?

The Chair:

It can be read. It's no problem.

Mr. Michaels:

Read that into the minutes.

Mr. Shields:

Mr. Chairman, I can see nothing wrong in reading it into the minutes again, but in light of our previous policy in not interfering with Court decisions in any other way except to take official steps which are required to take under the law and which in this case have already been taken. I think that we should abide by that law. Reading it into the minutes again is fine, nothing wrong in that. But as far as making a further resolution or passing a further motion on the subject, I think, makes it a little tenuous and is really unnecessary because this is a thing that we have already expressed ourselves upon and I am sure that the Supreme Court must have invited the value of the document to take into consideration when it moves or makes some decision on the case.

The public aspect of it is pretty well known and I am not concerned about the reacquainting the public of our position. I think they are well aware of it and the results and an implication of this kind might adversely affect the thinking of the population in that we don't want to make it a political issue. We just want to make it known that legislatively we have acted and we stand behind it.

Mr. DePasquale:

I don't know what to say to concur with my colleagues in regard to the Mass Transit and I wonder if I am in order by stating that the people who will benefit the most from the Early Action or the Rapid Transit Plan or the Skybus, but it seems to be labor because of the very fact that it has to employ

Mr. Michaels:

Point of order, Mr. President. I don't think we are here to argue the issue. I think that is a point at hand and we ought not to do that. All we are trying to do is to re-identify the position taken by this Council. If we are going to argue the issues, then we leave ourselves open to all kinds of statements and I think they are out of order.

Mr. DePasquale:

There has been a lot of pressure put on Council and at the same time there are three or four thousand jobs involved here and I think—

Mr. Michaels:

Mr. President, I ask you to rule whether or not he is out of order.

The Chair:

Mr. DePasquale, you are out of order. We will take this up under another matter. I understand what you are saying. I know what you are saying.

Mr. Kamyk:

Mr. President, I agree with Mr. Shields. We are already on record legislatively supporting the Early Action Program as far as the Mass Transit is concerned. And, I think the resolutions that were sent to the Court in Philadelphia will be considered by the Supreme Court and then they will decide, I suppose, in the Supreme Court on the issue of the law. So, we are on record that we are supporting the Early Action Program, so I don't think anything else is necessary.

Mr. Michaels:

Mr. President, I am glad that you and the Clerk have brought to our attention that certain documents have gone forward from this body to the Supreme Court. I think it would be a grave error of omission if we did not acknowledge at this time that this Council did forward such documents and that they be made a part of these minutes this day and I so move, Mr. President.

Miss Ballinger:

I second that motion.

Which motion prevailed.

The Chair:

I would like the City Clerk to at least indicate what the documents are, in broad terms, without getting into details.

Mr. DiNardo:

Resolution No. 295½ — It was Council's intent in the Early Action Program, Port Authority of Allegheny County. It was in Council October 26, 1971, read and adopted. Louis Mason Jr., President. Louis DiNardo attest and it is in Volume 17, page 484.

Another document that will appear before the Supreme Court on Wednesday is Interstate Commerce Commission's Affidavit and this was signed by Louis Mason that the foregoing was true and correct.

Ordinance 367 of 1959 — This is consenting to the establishment of a limited Access Highway.

The Chair:

That will be so entered into the record.

Mr. DePasquale moved

That Mr. Fagan and Mr. Lynch be excused for absence from this meeting.

Which motion prevailed.

Mr. Kamyk moved

That the Minutes of Council, of Monday, November 20, 1972, be approved.

Which motion prevailed.

And on motion of Miss Ballinger

Council adjourned.

ONE HUNDRED SEVENTEENTH COUNCIL

LOUIS MASON, Jr. ----- President

LOUIS C. DINARDO ----- City Clerk

MICHAEL A. PERRY ----- Ass't. City Clerk

Pittsburgh, Pa.

Monday, December 4, 1972

Present:—

Miss Ballinger	Mr. Lynch
Mr. Caliguiri	Mr. Michaels
Mr. DePasquale	Mr. Shields
Mr. Fagan	Mr. Mason
Mr. Kamyk	(Pres't)

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

The Chair:

The first order of business is the presentation of the Budget by the Mayor of the City of Pittsburgh.

Would Mr. Kamyk and Mr. Shields kindly escort the Mayor to the podium.

It is now my pleasure to present the Mayor of the City of Pittsburgh, the Honorable Peter Francis Flaherty.

Mayor Flaherty:

Thank you, Mr. President, Members of Council, ladies and gentlemen:

For the third consecutive year the City of Pittsburgh will end the year with a substantial cash surplus. For the second consecutive year the surplus will reflect a decrease in taxes for City taxpayers.

We will end this year with a \$13.5 million surplus—the highest ever in the City's history. I am recommending that this surplus be returned to the wage earners through the elimination of the City's one percent wage tax.

The City of Pittsburgh has long been in need of meaningful tax reform. In this budget, I am proposing a more equitable tax reform, first of all by removing the most oppressive tax we have in the City which is the wage tax.

I am also proposing that we remove some other inequities in our tax structure.

...One of these requires the parking lot operators to pay a business privilege tax on top of the gross receipts of the parking tax. I will recommend and submit legislation that the parking tax receipts be exempted from the Business Privilege tax to prevent a double tax.

...At present home owners who fix up their homes by making repairs and improvements are penalized by assessment procedures which actually increase their tax assessment immediately after improvements are added. I will recommend and submit legislation for a grace period where no tax assessment increase would be made for three years after the improvements have been made.

...Under the present law we are now taxing live entertainment at restaurants

and cabarets on a percentage formula. We also tax non-profit organizations for their annual dances on the basis of admission charges. I will submit legislation to amend this inequity in the City's Amusement Tax.

There will be many pressures placed on City Council by other groups seeking tax relief aid. Your first duty, however, is to the people of this City. Last year we granted tax relief to the entire community, including residents and business when we reduced the real estate tax. Real estate rebates are now available for senior citizens living on fixed incomes at a state level. I am also supporting federal legislation which will grant tax relief for our senior citizens at the local level.

To provide information and assistance on tax relief assistance programs and other problems involving our senior citizens, an Office for Senior Citizens will be opened in 1973 under the supervision of the Mayor's Office to provide such services.

REVENUE SHARING

The first payment of revenue sharing is expected this month. I am allocating \$5.8 million into capital improvements. Of the \$5.8 million, \$3.3 million will be used in the high priority area of street lighting. Approximately 30 percent of the City's streets have been illuminated with mercury vapor lighting over the past three years. By accelerating this program with revenue sharing funds we will complete the lighting program throughout the entire City in 1973 instead of 1976.

The balance of the 1973 revenue sharing funds will be used for the improvement of fire equipment and Public Safety facilities and to update recreational activities. In 1973 we will replace the outmoded No. 2 police and fire station in the Hill District with a new public safety facility and a new fire station will be built in Lawrenceville to replace No. 6 Engine House at 34th and Liberty and No. 25 Engine House located next to St. Francis Hospital.

The balance of the 1972-73 federal revenue sharing funds totaling \$14.5 million will be allocated to the Public Safety operating budget.

CRIME RATE AND POLICE PROTECTION

Pittsburgh's crime rate has decreased drastically in the past three years. In 1969 there were 33,700 serious crimes committed in the City of Pittsburgh. In 1972, we had 23,629 serious crimes—a decrease of about 10,000 crimes and a percentage reduction from 1969 to 1972 of 30 percent.

The apprehension rate of criminals in the City is increasing and is 6.7 percent higher than the national average.

Vice arrests including narcotics violations have increased by eight percent over 1971.

A national police survey—comparing Pittsburgh with all other American cities in the 500,000 population range—places Pittsburgh at the top in police personnel with 3.14 police officers for every 1000 citizens.

HOUSING

In 1973 we will continue to make the fullest use of existing Federal Housing programs. We have worked with private developers and community groups to put together proposals for 2,572 units including the 650 unit Glen Hazel Development, the South Side High-rise for the elderly and over 300 units in the Hill District.

These proposals have been put together with the approval of HUD as well as community support. HUD must now do its part to back up its commitment and follow through with the necessary funding.

CITY WIDE IMPROVEMENTS 1972-73

In 1972 the Public Works Department resurfaced 32 miles of streets and rehabilitated 11 bridges. This compares to an average of 8.2 miles of street repaving per year from 1966 to 1970.

During the past year's Pa Pitt summer clean-up program over 22,000 tons of debris were removed from our neighborhoods as compared to 7,880 in 1969.

The street lighting program placed 3,812 new mercury vapor lights on our city streets as compared to 1,651 in 1969.

Although federal funds are no longer available, we demolished 600 buildings

in 1972—an all-time record which included the old incinerator and the Old Oswald and Hess Plant. This compares to 400 in 1969.

In November, 1972 fifty-two new firemen were appointed in the Fire Bureau and by June 1973 another 58 will be added as a result of the reduction in working hours of firemen.

The Water Department is also connecting a new 16 inch water main to the West End Elliott area of the City at a cost of \$727,000. The new main will assure an adequate supply of water to these residents for domestic needs, fire protection and for new developments.

Work will begin in 1973 on a new sewer system along Saw Mill Run at a cost of \$1,350,000. This sewer will increase capacity and make possible new residential and commercial developments.

In 1972 nineteen city park locations were lighted under the Department of Parks and Recreation lighting program and 61 play areas were resurfaced for basketball, multi-purpose courts and tot lots.

Architectural designs and specifications for bids were completed for the new Schenley Park and South Side skating rinks which will be constructed in 1973.

In 1972 we went beyond Labor Day by keeping twelve of the larger city pools open until September 30.

In 1973 six new pools will be constructed in Carrick, Arlington Heights, Homewood, Sheraden, Manchester and Lawrenceville. They will be the first new swimming pools to be constructed in the City since 1954.

The Fall Flower Show was conducted for the first time Downtown and attracted 81,000 visitors almost double the previous year's attendance.

Major renovation is now underway at the Schenley Park Golf Course Club House; the lobby of the City-County Building has been restored to its former elegance and the North Side Library is being renovated and a new heating system has been installed at the main zoo in Highland Park.

In the City Planning process the voices of the neighborhoods were heard in the 900 community meetings held in 1972.

The Six Year Development Program projects capital expenditures through 1977. The six year cost of \$238 million will require 30 percent local funding.

The 1973 Capital Improvement Program calls for expenditures of \$60 million to improve our public buildings, streets, water lines and recreational facilities.

Fourteen Capital Improvement Projects for recreational facilities will require advances of \$4.7 million in order to be carried out. These funds will be eventually recovered from state and federal sources after completion of the projects.

The projects include improvements in McKinley Park, a new swimming pool in Sheraden Park, a new athletic complex in West Park on the North Side; Schenley Park and South Side skating rinks, Market Square renovation, a new park in East Hills, three specially designed innovative playgrounds in East Liberty, Mt. Washington and Herron Hill, a new park in the lower Hill on Cliff Street, improvements in the Larimer Playground and renovation of facilities in Sunnyside Playground in the West End.

HOME RULE

In 1973 I will recommend to the Home Rule Study Commission that the strong Mayor form of government be retained and the study commission adopt the present Charter Act. Some revisions and updating may be required but basically we have a sound basis for the Home Rule in the present Charter Act.

TAX SUBSIDIES

In 1973 the total city subsidy for Three Rivers Stadium and the Civic Arena will be \$1.2 million. Even though it's been a great year for sports at the Stadium, it will still require substantial subsidy from city taxpayers of over \$750,000 to make up the deficit on the Stadium bonds. An additional subsidy of \$425,000 from city taxpayers will also be required to make up the deficit on the Auditorium Authority bonds.

LABOR RELATIONS

The City has entered into a two-year contract with police and a three year contract with the firemen. Over a three year period the hours of City firemen will be reduced from 50 to 42 hours a week.

For our remaining regular City employees, I am recommending the City pay the full cost of family coverage hospitalization, major medical insurance and life insurance in addition to an across the board wage increase.

Each employee's average total benefits will be approximately \$500. Almost all of this will be in the form of increased take home pay.

These recommendations for municipal employees are in line with the settlements with police, fire and refuse workers.

The major reasons for the increase in the 1973 budget are mandated increases of over \$5.4 million including employees wage increases and fringe benefits, power and utility rates, Social Security contributions, water rents and the additional \$4.7 million increase for necessary advances for the Capital Improvement Program.

Other contributing factors, totaling \$3 million include increases for Carnegie Library, automotive equipment, demolition, overtime, water system rehabilitation and asphalt materials.

ECONOMY

The unique savings of the last several years offers the City some breathing room but it has not changed the basic gap of income and expenses. Our revenues grow at a rate of one percent while expenses climb at a rate of six percent a year.

There have been no increases during this administration in parking or amusement taxes or in the business privilege tax—while all have benefitted from a two mill reduction in real estate taxes. In addition business has received sizeable reductions in real estate assessment from the courts—over \$8 million in refunds has been returned by this City alone from 1967 to 1972. The total

refunds in Downtown real estate taxes from the three taxing bodies exceeded \$16 million during the five year period.

One of the fairest taxes in this City has been the parking tax. It encourages the use of public transportation. To reduce this tax would be to encourage all day parking downtown thereby filling up the lots and discouraging the use of parking by shoppers and other patrons of Downtown businesses. Moreover, the reduction sought by a handful of parking lot owners would not be passed onto the taxpayers but would place an additional \$1.5 million in their own pockets.

We are striving to provide a climate that is conducive to the maintenance and further expansion of the City's economic base. When compared to increases in taxes prevalent in most other major cities, our accomplishments in tax reduction and efficient management in government are becoming increasingly recognized by businessmen in making locational decisions.

As we are all aware, a recent rash of plant closings have appeared as a threat to our short-term employment growth. Such closings are part of a national trend of manufacturing closings in cities throughout the nation. Although the particular reasons for these closings were varied, the most prevalent factor was contract disputes between management and labor.

In most cases I have personally contacted the local representatives of these employers and I assure you that the services of your City's government and its departments were freely offered.

In cooperation with the Pittsburgh Chamber of Commerce we have undertaken a survey of local manpower needs in business and industry.

To aid in the economic and manpower needs of the community I am appointing Mrs. Louise Brown to chair the Mayor's Economic Manpower Advisory Committee. This Committee will be composed of leaders from business and labor as well as citizens and public agencies.

This coincidental and unfortunate period of job loss should not, however, be taken out of context. These few com-

panies, while important represent, only a small percentage of the 15,000 to 16,000 companies doing business in Pittsburgh. Our unemployment rate for October, the last available month, has decreased to 4.7 percent which places Pittsburgh's unemployment below the national average. According to local and national economists the prospects for continued growth in the Pittsburgh economy and resultant employment are excellent.

In all, Pittsburgh looks forward to a prosperous new year with a healthy economy and a financially strong and responsible government.

MOTIONS AND RESOLUTIONS

Mr. Lynch:

Mr. President, I would like to enter into the record of Council the fact, and I discussed this with every Councilman here, privately, that the City Solicitor has advised Council President and myself as Chairman of the Finance Committee, that with the exception of the Real Estate Tax and Water Service charges, all tax presently imposed by the City of Pittsburgh under Act 511, specifically those taxes as Earned Income, Business Privilege, Amusement Tax, Mercantile, Parking, Institutional and Service Privilege Tax, and the Occupation and Personal Property Tax, in order to be reduced or increased, in order to be changed, it is required they be advertised in the newspapers three weeks prior to the prospective change. This is a new approach but one the Solicitor feels is binding.

On that basis, in consultation with most of my colleagues, it was concluded we should advertise this Friday that we are anticipating or planning a 50 per cent reduction in all of those taxes. This is not meant to imply we intend to reduce those taxes. Such an advertisement is not binding, but leaves Council that option. In addition, the legal opinion the Solicitor sent me this morning, dated December 4, 1972, I would like to submit to this Council for inclusion in the record as a matter received and filed in order to make a proper record for this body.

The Chair presented

Bill No. 1273. RESOLVED, That the reappointment of Charles E. Coates, of 530 Bigham Road, Pittsburgh, Pa. 15211, as a member of the Board of the Allegheny County Sanitary Authority, commencing January 1, 1973 and

expiring December 31, 1977, is hereby approved and confirmed.

Which was read.

Mr. Lynch;

Mr. President, and with my colleagues' indulgence, in view of the fact I have had a long association with Mr. Coates in the banking and business work, I would consider it a privilege to move for unanimous acclamation that he be retained on that board.

Which motion prevailed, and the resolution was adopted.

Mr. Kamyk moved

That the Minutes of Council, of November 27, 1972, be approved.

Which motion prevailed.

And on motion of Mr. Caliguiri,
Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Michaels:

Mr. President, I think, for the official record, it ought to be noted this Council met with the Department of Highways on Thursday, December 14. The meeting, as you will recall, was in executive session; it was not a matter of public record.

I think it ought to be duly noted today that we did meet with the Secretary of Transportation, trying to bring about some meaningful solution on East Street. It also should be noted to our invitation, neither the Mayor of the City of Pittsburgh, nor the Director of the Department of City Planning appeared for the meeting. This is a matter of serious concern to me. Anytime you're able to bring the Secretary of Transportation to these Council Chambers and the Director of that Department or the Mayor does not show up, I think we are working to the disinterest of the citizens of the community.

Some reported in the press there was nothing accomplished. I would like to differ with that remark. I don't think you resolve a problem of this magnitude in a 90-minute meeting but I think you can get started toward the resolving of the problem and I think that is what we tried to do.

For the first time, Council heard there was an official position of the Mayor. He never made it known to this Council; however, Mr. Kassob was able to express that to us at this meeting. At the same time the Mayor pointed out what he preferred over the former plan and we know how these two programs are not in synchronization. Before we can get on with it, we have to get the Mayor and the Secretary of Transportation to agree to a viable program for that Valley, and then, when that program is presented to this Council, I am sure this Council can vote for the greater progression of the project.

It is a sick community and what we saw on Thursday morning is not the spirit of cooperation that will move this community ahead and I think that ought to be made a part of the public record today.

Mr. Fagan:

It will be put in the minutes today for our Municipal Record.

Mr. Lynch moved

That Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. Lynch moved

That the Minutes of Council, of Monday, December 11, 1972, be approved.

Which motion prevailed.

Mr. Kamyk moved

That this meeting be adjourned and that the next meeting of Council be on Tuesday, December 26, 1972, at 2:00 o'clock, P.M.

Which motion prevailed.

And Council adjourned.

Also,

Bill No. 1360. RESOLVED, That the appointment by the Mayor of David O'Loughlin of 910 Grandview Avenue, be and the same is hereby approved and confirmed as a member of the Pittsburgh

Housing Authority, to a term ending October 10, 1974.

Which was read.

Mr. Michaels:

Mr. Chairman, I would like to speak to that appointment.

I have no objection to Mr. David O'Loughlin personally. As a matter of fact, my own personal experience with this man has always been one of high respect for him. However, his appointment to an independent Authority I do find quite objectionable.

I think that the Mayor has done this on a number of previous occasions and I don't think it works towards the best interest of this City. And since he has a great deal to do with the board and staff, I think when he creates an authority, he ought to create one where he brings in independent citizens who do not have their income dependent upon the Mayor's appointment. In this case, you have a man who has previously been appointed to jobs who now take a position on that board.

Is there a resume submitted for Mr. O'Loughlin? If not, I request also that such a resume be submitted.

Under these circumstances, I am afraid before voting for Mr. O'Loughlin, I would like to have the position clear and until such time that it is clear, I suggest that it be held for two weeks.

Mr. Caliguiri:

Mr. President:

Before we consider the budget bills before us for final action, I would like to suggest these recommendations to Council.

After a careful analysis of the Mayor's budget, there is approximately seven (7) million dollars surplus over and above the 13 million dollars that was needed to eliminate the 1% wage tax. I would like to make these recommendations on how to utilize this money so that it can be reflected in the budget for specific items. They would be first under the category of Housing, that we appropriate one (1) million, fifty (50) thousand dollars. This would include at least four (4) different categories: a revolving rehabilitation fund, relocation fund, emergency housing repair fund and a fund for ancillary services for the elderly.

Also, I would like to see an Office of Economic Development. This office would have a staff that would be responsible for trying to hold businesses in Pittsburgh and of course, helping the existing businesses with their problems, and also trying to influence and attract new industries to the City. In effect, it would be "selling Pittsburgh," something that certainly is needed.

I would like to see one (1) hundred thousand dollars appropriated for this office. It may seem like it is a little repetitious to some of the agencies that are doing this now, but I think if this office was right in the administration, and the staff being responsible to the administration, you might see results immediately.

In the area of recreation, I would like to see eight new community centers built. These old centers that cannot be funded by any other agency, except revenue sharing. I would like to see these built in Lawrenceville, South Oak-

land, Sheraden, Oakwood, in the 27th and 26th Wards, the 31st Ward, Hazelwood-Greenfield and Overbrook, at a cost of 2.6 million dollars.

Also, two more skating rinks, in the East End section of the City and the Beechwood-Brookline section at a cost of one (1) million dollars.

Also a Contingent Fund, and Council is right now considering a Contingent Fund, in the Department of Public Safety, the Public Works Department and Parks and Recreation. In Public Safety, (\$1,225.00) one (1) million and a quarter and Public Works and Parks and Recreation, \$500,000 each. In Public Safety; there are still police vacancies in the budget. There are 102 first year policemen in the budget and that they be hired, specifically as beat policemen; and that this Contingency Fund be set up in Council's hands so that we can recommend we get this type of consideration for beat policemen.

In the manner, as I outlined, I would like to see the funds allocated so that they reflect specific items; that the communities and the neighborhoods can specifically recognize these funds allocated to their neighborhoods and in this manner make certain that the money is spent for their community. And that if it isn't spent, at least they can come to Council and we can show them item by item where the money is allocated, that Council did, in fact, appropriate these funds for their community.

Thank you, Mr. President.

The Chair:

Is that in the form of a motion, Mr. Caliguiri?

Is there a second to that motion, once?

Is there a second to that motion, twice

Mr. Lynch:

Mr. President, could I recommend to my colleague, Mr. Caliguiri, that his observations are well taken and would he be willing to withdraw his mo-

tion and make a communication to the Mayor expressing the general rule of Council, if not himself.

I think that position is well taken and I think that everyone agrees that the money should be spent that way. After wrestling with the budget for two year, three years now, and it is obvious that we can't force the Mayor to do that by including it in an allocation. So, I am wondering if I might request my colleague to withdraw the motion and make it a communication to the Mayor.

Mr. Calliguri:

Mr. President, I will withdraw the motion and make a formal recommendation that these recommendations be forwarded to the Mayor's office.

Mr. Lynch:

Thank you, Mr. Calliguri.

**BUDGET MESSAGE FOR THE
CITY OF PITTSBURGH
AS GIVEN BY CITY COUNCIL**

JOHN P. LYNCH, Finance Chairman

December 29, 1972

Gentlemen:

The Budget for the City of Pittsburgh for the year 1973 is 120.2 million dollars. This figure includes 14.5 million which the City has received as a result of the Federal Revenue Sharing Program. Thus, the budget figure is 9.9% over the budget for the year 1972.

Now in constructing this budget, your City Council was once again faced with the problem of attempting to elicit information from a hostile and uncooperative administration which appeared more interested in hiding surplus than in properly dealing with it.

This Council has this year held more budget hearings in the construction of this budget than any Council in recent memory. We have attempted to allow as much citizen participation as humanly possible within the limited time span available to us. On that score, it must be pointed out that Council is faced with a deadline which yearly

grows more absurd. This year, for example, while we were ostensibly given thirty (30) days in which to construct the 120 million dollar budget, the fact is that it was necessary for us to decide in four (4) days two key questions. Namely, what taxes we were likely to change or reduce or eliminate and secondly, what size these tax changes were likely to take. We had four (4) days in which to do this. I think that the State Legislature in Pennsylvania ought to be aware of the fact that a deadline for the Mayor to deliver a budget the first week in December is unrealistic, ridiculous and unworkable for a Council. Some effort should be made to change that so that we would at least have an additional thirty (30) days to work on this budget. Therefore, we are face, in affect, with the problem of providing the answers before we were sure of what the question was. So, we decided what we could do and we set about to have hearings to see what the problem was, kind of a backward day to do business. Pittsburgh has called for the elimination of the wage tax. This is a reduction of 13.5 million dollars in stated surplus. A careful scrutiny of the budget however, convinces us that the actual surplus may be a great deal larger. We have therefore, wrestled with the problem of whether to continue to attempt to urge the Mayor to spend funds for the purpose of their allocation or to once again resign ourselves to another appropriation which we all know will not be used on behalf of our citizens.

We have come to the conclusion that if City taxpayers cannot expect to have services provided to him for which he has paid his taxes, then he is reasonably entitled to tax relief. For this reason then, we are reducing several taxes. First, the Retail Mercantile Tax from 2 mills to 1 mill and we are reducing the real estate taxes by 2 mills on land and 1 mill on buildings. In addition, we are changing the structure of the parking tax so as to create a better margin of profit of the parking lot operators in the City of Pittsburgh.

A few words on these topics would be in order. First, with regard to the Mercantile Tax. It should be clearly understood that this reduction was not brought about in order to create better

profit for merchants but with a specific goal of creating a better and healthier business climate in the City. I point out, therefore, to those merchants affected by this tax reduction that they ought to pass it on to the consumer in the form of additional parking subsidy and transit subsidy, an avenue which has not heretofore been considered in order to create a better volume of business.

Council will be watching the results of this tax reduction in order to measure the effect on the business community and to see that it is used for the purposes that business organizations have claimed for it during the lengthy budget hearings just completed. We would recommend a token or transit subsidy from the merchants to alleviate the cost of mass transit for the shoppers in and out of downtown Pittsburgh. It is my personal conviction that Pittsburgh must soon consider a "no fare" transit within the City limits, subsidized by the County taxes and the State taxes in order to offset the disparity which exists between the county residents and the City taxpayers.

Secondly, we became aware of the existence of an injustice as regards the parking lot operators and the tax structure on the present existing parking tax. We are happy to concur with the Mayor in his efforts to change this tax to a transaction tax which will more equitably transmit the tax revenues from the parking lot consumer to the City of Pittsburgh Treasurer without undue pressure on the operator of the parking lot. Again, however, it must be clearly pointed out that the intent of Council here is to provide a better profit margin for the operator of the parking lot within the existing price structure and not to increase the price of parking to the consumer. We call upon the Pittsburgh Parking Authority to carefully review the cost structure here with these in mind.

City Council is further considering during the coming year as outlined by Mr. Caliguiri earlier, the use of citizens groups to identify and study specific needs of our City, a procedure which has been recommended by the Pennsylvania League of Cities and for which money was set aside last year. In order to insure that City Council, in the future, will have adequate facts for the estab-

lishment of fiscal and other City policies plus other information at its disposal which it has full confidence in, Council will be giving early consideration to a creation and a continuance of an adequate and professional staff for its own use.

For these purposes, we have established a fund under Council's Miscellaneous Service Budget in order to explore these areas of performance for this coming year.

Council further feels that some tax relief ought to be given to the citizens who are on a fixed income or who would not otherwise be affected by wage tax reductions and parking lot reductions. I am talking about the pensioner and the elderly. For that reason, we are reducing real estate 2 mills on land and 1 mill on buildings. Council is further happy to support the Mayor's proposal to eliminate the wage tax and we would hope that the operation of City government in the future will not make re-establishment of this tax necessary.

In a few comments here, I might mention that the Mayor in his budget does not find it necessary to budget an allocation for the Home Rule Study Commission which was recently elected in in our election and which is mandated to perform a study of City government. Council did include an appropriation for \$83,000 for the Home Rule Study Commission. It is presently our intention to advance those monies to that Commission as needed under the law based on rebate principle if they need the money.

We have also passed legislation this year which entitles widows of Police and Firemen who have not, heretofore, received any pension and who are elderly and will be a disappearing group, to receive at least \$100 a month, a long overdue social justice to which they were entitled.

A few comments might be in order with respect to City Council's relations with the Mayor. In the past years, the present Mayor of the City has attempted, with considerable success I might add, to use Council as a foil and paint us as an uncooperative body which does not operate in the best interests of City government. The implication is made that

monopolies on virtue which is held only in the Mayor's office. This is an unfortunate position for any legislative body to be in but one with which we must cope and must continue to anticipate. With that in mind, we have re-established the Contingency Fund principal in order that at least in this fashion, we might be in position to compel cooperation from the Administration in spelling out the spending plans and programs in the course of the year. I might also point out that this Council has made every possible effort to provide a public forum in an area of great public debate. In the process of doing this, Council at times, looked argumentative and quarrelsome among themselves. But I believe that this is the fashion in which a free, democratic government must conduct itself. If the important issues and questions that come before our government are hammered out on the anvil of controversy, then this Council has indeed done its job.

I would be unjust if it did not commend the Mayor for some of the house-keeping problems that he has been able to unfold. Certainly his government has been austere as has been shown and the Mayor has set a course in holding down the spending line of our City and any reasonable man would commend him in this area. On the other hand, it also is necessary, I think, to offer the criticism that he has failed to provide the leadership necessary to get all of the factions within the City moving progressively and in orderly fashion.

It is obvious that the business community has become disenchanted; the labor forces have become distrustful and suspicious. There is a general feeling of fear and distrust which is not a healthy climate for the City of Pittsburgh. I would appeal to the Mayor to open up the City government to all the people and make himself more readily available. In this light, I criticize, then, the Mayor for his operation in secrecy and point out that he has failed to adequately communicate with Council or the public, either in questions where he has been wrong, but even more astoundingly, where he has been right. The leadership necessary to get this City moving again can only come from the office of the Mayor, not from any specific body.

I think that the budget that we have constructed is a good one. I think that it will adequately meet the needs of the City. I think that if it is properly managed and properly handled, we can continue to meet our expenses and provide for the City's needs without further tax increase for the next two (2) years at least. I am not willing to look further down the road than that.

I would say finally, that whatever is in this budget that we have presented, due to typographical errors or oversights, specifically, the City Clerk will correct those administrative oversights and typographical errors to the best interest of the City Government.

I would like further, on a personal note, to point out that being a member of Council who sat as Chairman of this Committee, every member was particularly cooperative. In constructing the budget in years past, I think the burden has fallen more heavily on the City Finance Chairman and this year every single member of Council has cooperated fully in constructing his budget and I want to thank you personally for that.

I wish everyone here a Happy New Year and I am proud to be among you.

Thank you very much.

AN ORDINANCE—Amending the Building Code, Ordinance No. 300, approved August 6, 1947, as amended, by adding a new Chapter 45, requiring registration by owners of certain real estate located in the City of Pittsburgh, under certain terms and conditions.

The Council of the City of Pittsburgh hereby enacts as follows:

Section 1. The Building Code, Ordinance No. 300, approved August 6, 1947, is amended by adding a new chapter as follows:

Chapter 45. Registration Certificates —
Sec. 4501. Legislative Findings—

The Council of the City of Pittsburgh hereby finds:

(1) In order to protect the health, safety and general welfare of the citizens and inhabitants of the City, the City has enacted a comprehensive Fire Code, a comprehensive Building Code, and other municipal codes.

(2) The enforcement of these protective legislative measures has been seriously hampered as a result of the fact that many owners of rental property reside outside the City of Pittsburgh and have not been amenable to service of process in the City of Pittsburgh. Such owners have rented property and collected rent with impunity for premises which failed to comply with the standards of the above-mentioned ordinances and were in many cases unfit for human habitation.

(3) The welfare of the inhabitants of the City of Pittsburgh requires that any owner of real estate in the City of Pittsburgh by virtue of his ownership thereof be amenable to service of process in connection with any violation of City of Pittsburgh ordinances with respect to such property. This is especially so where rents are being collected by or on behalf of an owner who resides outside the City and the County of Allegheny.

(4) In numerous cases considerable and fruitless effort has been required by the Bureau of Building Inspection seeking to determine the actual owner of real estate and where he resides, or if a corporation, where its office is located.

(5) The public interest requires that the Bureau of Building Inspection have an up-to-date list of the real owners of all residential real estate in Pittsburgh (except single family owner-occupied dwellings or duplex dwellings in which the owner occupies one unit) and vacant lots, and where the owners live outside the City of Pittsburgh and the County of Allegheny a list of persons living within Allegheny County authorized to accept service on their behalf.

(6) Where any owner of real estate in Pittsburgh who resides outside the County of Allegheny and fails to register an agent in the County of Allegheny to accept service on his behalf, the public interest requires that he be deprived for the period of non-compliance of the benefits of his ownership of the said real estate or the benefits of the administrative or judicial machinery of the County for enforcement of any rights with respect thereto.

(7) Many thousands of Pittsburgh citizens are forced by lack of adequate housing to reside in premises which are dilapidated and not maintained by the owners in compliance with the ordinances of the City of Pittsburgh. This situation is of very serious proportions, producing resentment and unrest among the said citizens, who are legally entitled to adequate housing, and stringent measures are required to ameliorate this situation.

Sec. 4502. Registration: Time to File

(1) The owner of any vacant lot or of any building or structure which is wholly or partly used or intended to be used for living or sleeping by human occupants, except single family owner-occupied dwellings or duplex dwellings in which the owner occupies one unit shall file a registration statement with the Bureau in accordance with the provisions of this chapter, provided however that this section shall not apply to any property owned by any governmental entity or any public authority.

(2) A registration statement shall be filed with respect to every building wherein living quarters are available for rental purposes:

(a) For every existing rooming house, multi-family dwelling and for all one-and two-family dwellings which are not owner-occupied, within 30 days from the effective date of this ordinance and thereafter not later than ten days after the owner of a one- or two-family dwelling moves out of the building.

(b) Prior to the issuance of a certificate of occupancy, for any rooming house or multi-family dwelling hereafter erected, or any dwelling or building hereafter altered or converted to a multi-family dwelling.

(c) Within such time as provided in Sec. 4504 in the case of a change of ownership where registration is required under this Chapter.

Sec. 4503. Registration Statement; Contents

(1) The registration statement shall include the following information:

(a) An identification of the premises by the street numbers and names of all streets contiguous to the dwelling, where such exist, or by such other description as will enable the Bureau to locate the dwelling.

(b) An identification of the owner by name, residence and business address. If the owner is a corporation, the identification shall include the name and address of such corporation together with the names, residences and business address of three principals. If the owner is under the age of twenty-one years or has been judicially declared incompetent, his legal representative shall file the registration statement.

(c) The name and address of a managing agent designated by the owner to receive service of notices, order, or summons issued by the Bureau. To qualify for such designation, an agent shall be a natural person over the age of twenty-one years and shall reside within the County of Allegheny or customarily and regularly attend a business office maintained within the County of Allegheny. An owner or corporate principal who meets such qualifications may be designated to serve and be registered as the managing agent. If anyone located in Allegheny County other than the owner col-

lected rent on his behalf, that person must qualify as and be designated as the managing agent.

(2) The registration statement shall be signed by the owner, or if the owner is a corporation, by any principal. The managing agent shall also sign the statement to indicate consent to the designation except that such consent is not required if an owner or principal of a corporation is registered as the managing agent.

(3) The registration statement shall be filed on forms to be prescribed by the Bureau and shall be accompanied by a filing fee of \$3.00. An owner may register all properties required to be registered by this ordinance for one filing fee of \$3.00.

(4) Each owner who has filed previously a registration statement shall file an amended registration statement for all future acquired or additional property required to be registered under this ordinance. The fee for each new registration statement shall be the amount specified in Sec. 4503, Subsection 3.

Section 4504. Registration Statement, Change of Ownership or Title

(1) When the owner of the real estate, who is required to register under this chapter, conveys title to the real estate to another, the transferor shall, on the day of such transfer, notify the Bureau by certified mail, return receipt requested, of the name, residence and business address of the new owner, or, if the new owner is a corporation, of the name and address of such corporation. The new owner, if required to register, shall file a registration statement in accordance with Sec. 4503 of this ordinance no more than five (5) days from the date of taking of title; however, the failure by a new owner to file such registration statement shall not impair the validity of his title.

(2) When the ownership of a dwelling changes by operation of law, the new owner, if required to regis-

ter, shall file a registration statement in accordance with Sec. 4503 of this ordinance not more than thirty (30) days from the date that the title devolved upon him.

Sec. 4506. Registration Statement; Change of Address

(1) An owner who is required to register under this ordinance shall inform the Bureau in writing by certified mail, return receipt requested, and shall amend his registration statement within five (5) days if there is a change of address of the owner, a change in the list of principals of the owner corporation, or a change of address of any of such listed officers. No new filing fee shall be required for the amended registration statement.

Sec. 4506. Change of Managing Agent.

(1) The owner may terminate the designation of a managing agent at any time by filing with the Bureau a statement designating a qualified successor. A qualified successor must be designated by the owner within ten (10) days after terminating a managing agent, and the Bureau must be notified by certified mail, return receipt requester, of that change within three (3) days after selection of the qualified successor.

(2) The managing agent may terminate his agency, but such termination shall not become effective until eight (8) days after the filing of written notice on the owner. The notice to the Bureau shall set forth the registration number and address of the building and the name and address of the owner together with an affidavit of proof of service upon the owner. Service upon the owner may be made by the delivery of a copy personally to the owner or any principal, if the owner is a corporation, by registered mail to the address of any owner or principal, as set forth in the registration statement, or by delivery of a copy to any person of suitable age and discretion at the address of the owner or any principal as set forth in the registration statement. Prior to the effective termination date, the own-

er shall file with the Bureau a statement designating a qualified successor.

(3) If the designation of a managing agent shall cease to be effective as a result of death or judicial declaration of incompetence of the agent or his disqualification because of removal from the County, the owner shall file a statement with the Bureau within eight (2) days thereafter designating a qualified successor.

(4) The redesignation of a managing agent shall comply with the requirements of Sec. 4503 and shall be accompanied by a filing fee of \$2.00.

(5) In the event that an owner shall fail to designate a managing agent or replace a managing agent whose agency has terminated, the owner shall be deemed to have appointed the Treasurer of the City of Pittsburgh as his agent to accept service of process in connection with any action by the City or any other party arising out of the condition of the property or any other matter relating to the property.
